

FOOD PRICE CUT IMPERATIVE

TWO LAWLER BOMB SUSPECTS FLEEING TOWARD MEXICO PURSUED BY FOUR DEPUTY SHERIFFS

FAST AUTOS ON SWIFT DASH TO BORDER

"Keep Going Till You Get Them," Is Instructions of Sheriff Cline

FEDERAL OFFICIALS CHECK UP RADICALS

Police Work on Theory of Enemy Made in Court Being Guilty

LOS ANGELES, Aug. 5.—Two men suspected of having either been responsible for or having had close connection with the bomb explosion which nearly cost the life of Attorney Oscar Lawler and his wife, are fleeing toward the Mexican border, closely pursued by four deputy sheriffs, Sheriff John C. Cline announced early today.

Investigators this morning found the two men, who had been under surveillance since they reached Los Angeles a week ago, left here in an automobile at 8 o'clock last night.

They were traced to Riverside where they are known to have passed through racing at high speed toward Imperial Valley, Mexicali, Lower California, is believed to have been their destination.

"Keep going until you get them," was the only instructions Cline gave four deputies as their big automobile roared out of the county garage early this morning. The order is significant in view of the fact that extradition treaties with Mexico are said to be considered by the Mexican government as not now in effect.

Arrests Not Warranted
Police declared at noon that their investigation had not yet gone far enough to warrant any arrests. They said they hope to establish definitely before night whether their first theory regarding the responsibility of persons connected with a recent civil suit here was correct.

Discovery that no steel cap such as was used in sealing the bomb is purchasable in Los Angeles caused telegraphic inquiries to be made throughout Southern California to establish where such a cap could be purchased.

Throughout the day there was not one of the detectives assigned to the case who could be found at police headquarters. All were out working on various clues and theories. Noon reports from the hospital were that Lawler's condition is little changed and the outlook was unofficially characterized as bright for his recovery.

Check Up Radicals
Federal authorities, headed by U. S. Attorney J. Robt. O'Connor and Special Agent C. L. Keep of the department of justice, today started to check up every radical, I. W. W., or other possible suspect known to be in this vicinity. At the same time they went through the records to obtain a list of all criminals convicted while Lawler was United States attorney here and announced they will determine the whereabouts of each man.

Police continued to center their efforts on the theory that the party responsible was interested in a comparatively recent civil suit, fought with great bitterness and in which Lawler was an attorney. They even went so far as to say that arrests may be made before night. The man whom they questioned yesterday is at liberty.

"Tell my friends I'm going to get well," was the word Lawler sent out last night after he had enjoyed a restful sleep. Physicians said he is showing wonderful courage which they declare is a great factor in his favor.

Wilson's Double Composes Music For U.S. Anthem

Won't Have to Sing America to Tune of "God Save the King," He Says

NEW YORK, Aug. 5.—Jas. J. McCabe, district superintendent of the schools in New York, has written new music for America. He says he composed the music so that America would not have to be sung in the future to the tune of "God Save the King."

Mr. McCabe has a claim on fame because he is almost a double for President Wilson. In fact he looks so much like the President that he has been taken for Wilson numerous times and has had difficulty in explaining that he is not the President.

BULLETINS

NEW YORK, Aug. 5.—Following a slump which carried prices to the lowest mark they have seen in months the stock market this afternoon responded to heavy buying orders and rallied with a sharp upward trend of prices.

NEW YORK, Aug. 5.—Nineteen cars oranges sold today. Market 10 to 15 cents lower. Averages \$3.55 to \$7.55. Highest price, 25 boxes William Tell, \$7.60. No lemons sold. Weather, showers. Temperature at 8 a. m., 79.

TACOMA, Wash., Aug. 5.—Reports that 250 striking I. W. W.'s armed with knives and revolvers were engaged in a fight at Camp No. 8 of the McKenna Logging Co., near McKenna, Wash., were telegraphed to the Pierce county sheriff's office today. A force of deputy sheriffs has started for the scene in automobiles.

LOS ANGELES, Aug. 5.—Thousands gathered around thirty distributing centers in Los Angeles today, carried away quantities of bacon still unestimated at noon in the opening of the city's sale of surplus army food. So great was the rush that at some centers the police had to be called to keep order. The bacon sold at 36 cents per pound.

LOS ANGELES, Aug. 5.—The State Board of Charities and Corrections today issued a report completely exonerating the Norwalk State Hospital of charges of cruelty, mistreatment of inmates and unsanitary conditions. Capt. Chandler Sprague and Attorney Earl Rogers, the former a newspaper man and the latter for a time an inmate of the hospital, had made the charges. An investigation was completed by the board about ten days ago.

AUSTRIA TO DELIVER PROPOSALS TOMORROW

PARIS, Aug. 5.—Dr. Karl Renner, head of the Austrian peace delegation, notified the peace conference today that Austria's counter proposals to the treaty terms would be delivered tomorrow. Immediately afterward he will leave for Vienna, returning to St. Germain August 12.

35 SHIPS OF GREAT FLEET AT CORONADO BY DAYBREAK

Craft Will Anchor Within Sight of San Diego All Wednesday But Will Not Enter Port Till Thursday

SAN DIEGO, Aug. 5.—Steaming in battle formation, the 35 vessels of the Pacific fleet, commanded by Admiral Hugh Rodman, passed Cedros Islands at daybreak today and will arrive off Coronado Islands, within sight of this city, at daybreak tomorrow. Cedros Islands are about 350 miles south of this port. The fleet will remain at anchor at Coronado Islands all day tomorrow, entering San Diego harbor at 9 a. m. Thursday.

Hundreds of persons from interior points are arriving here to witness the arrival of the fleet.

Gov. Octaviano Larrazola of New Mexico was in San Diego to officially welcome the fleet for his state, and Arizona had a delegation en route, of which four former governors were members. Gov. Stephens and his official party were scheduled to arrive Wednesday night.

Naval diplomacy is being taxed to its utmost to care for the official welcoming party. Already more than 125 persons have been named to accompany Secretary Daniels on the destroyer Chancey, more than a comfortable capacity crowd for the little vessel. Besides these, there were dozens of newspaper correspondents and motion-picture camera operators to be cared for.

Plans Being Completed
San Diego today was completing its plans for the entertainment of fleet officers and men and the civilian visitors. Particular attention was being paid to the comfort and pleasure of enlisted men. Today many truckloads of oranges were brought to the city. Every man in the fleet is to receive at least five oranges.

Admiral Rodman, commanding the Pacific fleet, notified Rear-Admiral J. L. Jayne, senior officer of the port, that the fleet will anchor several miles east of the Coronado Islands at 6 a. m. Wednesday. The announcement that the fleet was twenty-four hours ahead of schedule created among local committees much confusion. A rapid interchange of radiograms assured the fleet committee that Admiral Rodman would not bring the ships into the harbor until Thursday, the original date set.

The battleships Nebraska and Rhode Island and the armored cruiser North Carolina will join the fleet at Seattle. The armored cruiser Seattle will join the fleet when it sails from San Diego for San Pedro.

The protected cruisers Chicago and Tacoma, are at Amapala, Honduras, and probably will remain there for several days.

HUNGARIAN BAN LIFTED

PARIS, Aug. 5.—The council of five lifted the blockade on Hungary today. The Danube is completely open to foreign trade.

Two Found Strangled to Death In Store Men on Bomb Suspects' Trail Find Bodies

EL CENTRO, Aug. 5.—Strangled to death by unknown persons, the bodies of William Bailey and one unidentified man were found today in the rear of Bailey's store at Lockwood, twenty miles from El Centro and about six miles from Brawley. The bodies were found by the party of deputy sheriffs which left Los Angeles early today on the trail of two men suspected of connection with the dynamiting of the home of Attorney Oscar Lawler in Los Angeles.

As the deputies were racing through Lockwood a man ran to the middle of the road and begged them to accompany him into the store, saying he thought two men had been murdered. In the rear of the building the bodies were found lying just inside the door. Whether the men were killed by the suspected bomb placers as they passed through Lockwood ahead of the officers is undetermined. It has not yet been established how long the men had been dead.

Bailey recently was a witness in the trial of a Hindu at San Diego, the Hindu having been acquitted of murder. One theory is that Bailey may have been killed by some member of a Hindu faction whose enmity he might have aroused by his testimony at the trial.

COAL FAMINE EXPECTED TO ADD TROUBLE IN CONGRESS

Solons Say Fuel Situation Is Rapidly Getting Grave As Mine Owners Assert They Cannot Obtain Cars

WASHINGTON, Aug. 5.—Danger of a coal famine added itself today to the complications congress faces in the railroad and high cost of living problems.

While the senate agriculture committee met to take up the food problem in a general way, and the interstate commerce committee considers the railway wage question, senators were seeking some way to get the coal difficulty solved.

That the fuel question is rapidly becoming grave, was the assertion of Senators Hitchcock and Pomerene today. They pointed out that it has such a direct bearing on the cost of living that it must, if possible, be settled before autumn.

Can't Get Cars
"Coal men in Ohio and West Virginia have informed me," said Pomerene, "that they cannot get cars. One man wrote the entire output of his mines for this year had been contracted for, and that he has plenty of labor, but that he is unable to get cars."

"If this situation doesn't change miners will be out of work and next winter mills will shut down, business will stagnate and terrible suffering will result."

"I know of one company in West Virginia which is unable to supply railroad coal it has contracted to sell in New England because it can't get cars."

Hitchcock says he fears the coal problem is but one of a number of domestic questions which will soon "add themselves to the worries of congress."

MEETINGS MAY STOP STRIKE OF SHOPMEN

CHICAGO, Aug. 5.—Conferences here today were expected to go far toward clearing up the strike of railway shopmen throughout the country. Union leaders declared nearly 250,000 men already are affected, thirty thousand of them in the Chicago industrial district.

A first attempt was to be a series of conferences between six chairman of grand lodges of the railway department of the American Federation of Labor and railway executives. A second was to be through the United States Department of Justice.

17 ARE INDICTED

CHICAGO, Aug. 5.—Seventeen persons were under indictment here today in connection with last week's race riots in which 35 whites and blacks were killed. Three were charged with murder during the first session of the August grand jury yesterday. Other findings were to be voted today.

"Flu" Measure Gets Support

Huge Appropriation, Asked Health Service To Use Fund

Physicians Differ on What to Expect When Cold Weather Arrives

WASHINGTON, Aug. 5.—The bill introduced into both houses of congress recently providing for an appropriation of \$5,000,000 to fight the expected return of influenza this fall is receiving strong support from all sections of the country, the sponsors report.

The measure was introduced by Senator Warren Harding in the senate and Representative Simeon D. Fess in the house. If the bill is passed it will put the United States Public Health Service in charge of the fund and "flu" fight.

Physicians differ on what to expect this fall from the influenza. Some say they are certain that it will return and that something should be done at once to discover the germ and find a remedy, which they admit is a mystery at present. Other doctors are of the opinion that if the "flu" appears again it will be very mild as nearly everybody who is likely to take it has already had it and is immune and those who did not contract the disease during the last epidemic are not likely to contract it now.

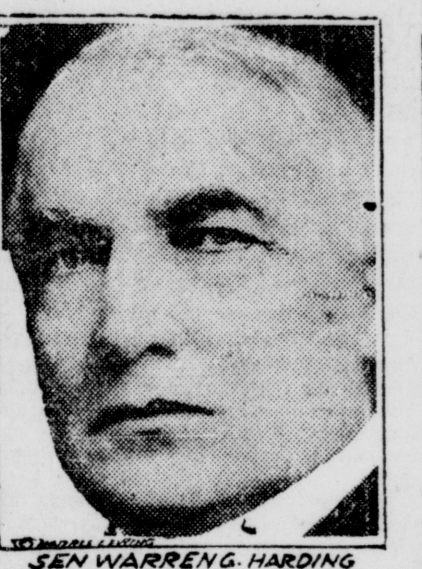

RUMANIAN ARMY HEAD WON'T ENTER BUDAPEST

BUDAPEST, Aug. 5.—General Nurecu, commander in chief of the Rumanian army, explained today that he had ordered the occupation of Hungary only as far as the outskirts of Budapest. He does not intend to interfere with the internal affairs of Budapest, he said.

Dispatches yesterday told of the Rumanians occupying Budapest despite instructions from the Allies to cease their advance.

HINDENBURG TO HEAD NEW PEOPLES' PARTY

BERLIN, Aug. 4 (delayed).—Marshal von Hindenburg plans to assume leadership on a new national people's party, to be extremely conservative in character, it was reported here today. The state tribunal appointed to investigate responsibility for the war and try those guilty is expected to present its preliminary reports soon before the national assembly at Weimar. Socialization of electric power plants was being proposed today in labor circles.

COUNT OF RAIL STRIKE VOTES TO BEGIN

BY RALPH COUCH
(United Press Staff Correspondent)

WASHINGTON, Aug. 5.—First returns were expected today at the American Federation of Labor offices on the strike vote now being taken by 500,000 railroad shopmen.

Although the complete poll will not be tabulated until August 24, under the strike vote order of the American Federation of Labor railway department, returns probably will be coming in all this week, officials said.

Officials of the six big shop unions today moved to curb leaders who, they say, have stampeded 20,000 workers into unauthorized local strikes.

A committee now is taking action to stop further local striking until the complete vote is returned.

President Bert M. Jewell of the American Federation of Labor department today awaited word from the White House. Jewell late yesterday led a delegation which told President Wilson his plan for solving the question of wage demands is "entirely inadequate."

Officials of the unions believe the next move is up to the president. He, they suggest, can urge congress to pass appropriation bills giving the rail administration more money with which to meet wage demands, not only for the shop men, but for the trainmen and conductors, who have asked increases averaging forty and thirty-five per cent, respectively. The shopmen's demand is for an increase averaging approximately 25 per cent.

STOCK MARKET TAKES ANOTHER LARGE DROP

NEW YORK, Aug. 5.—Sensational declines in the stock market continued today at the opening. Sellers took the control immediately at the start of trading and prices were hammered downward ruthlessly.

Several reasons were ascribed for the sudden drop. The railroad situation was pointed to as the most probable solution of the whole affair, but the congressional investigation into various things which are holding the cost of living up also was blamed.

Rails showed a tendency to slump hardest. Union Pacific opened at 125, off 2; New Haven 32, off 3/4; Reading 81 3/4, off 1/4; New York Central 75, off 1/4; Southern Pacific 95, off 5; Studebaker 101, off 2 1/2; Mexican Petroleum 177, off 1 1/2.

United States Steel was unable to recover from its weakness and opened at 103 1/2, off 1 1/4.

REDS SEIZE Y. M. C. A. MEN

NEW YORK, Aug. 5.—Bolsheviks have captured Albert P. Coyle, of San Jose, Cal., and Clinton W. Arson, of Bridgeport, Conn., Y. M. C. A. secretaries with the Russian troops in the region of Chekueve, according to advices received here.

PRESIDENT GIVES ALL TIME TO MATTER

Certain Definite Suggestions Prepared For Wilson, Says Palmer

WHEAT CROP PURCHASE DISCUSSION PLANNED

If Bread Price Is Reduced Other Things Will Follow, Some Declare

WASHINGTON, Aug. 5.—"Certain definite suggestions" for reducing living costs have been prepared for submission to President Wilson today, Attorney General Palmer announced this afternoon. Palmer's announcement came at the conclusion of a three hour conference of 11 cabinet members and government officials in his office.

President Wilson is devoting his entire time to living cost problems, it was stated at the White House today. Conferences with Senators about the league covenant and peace treaty will be deferred until some plan for lowering prices is evolved, it was said.

The President was to confer with Attorney General Palmer following the general cabinet meeting today. Palmer has been directing the activities of cabinet members and high officials endeavoring to bring down the cost of living. Later, it was announced, the President will confer with Wheat Director Julius H. Barnes. He will be asked, it was intimated, about the desirability of having the government purchase this year's wheat crop at guaranteed prices and resell it on the market at a lower figure.

Speed Action Imperative
Both the President and his advisers, it was learned, consider speedy action imperative in view of the nationwide clamor for relief and are laboring to force an early improvement in the situation.

Possible plans of action, suggested by cabinet members and high government officials in closest touch with domestic affairs, were shipped into shape for presentation to the President and his cabinet at an earlier conference. This conference had before it three reports of a sub-committee composed of Federal Trade Commissioner Colver, Assistant Secretary of the Treasury Leflingwell and Rail Director Hines.

The sub-committee was named at a previous meeting to sift through plans offered and discard those on which there is least agreement.

Julius H. Barnes of New York, wheat director, and Governor Harding of the Federal Reserve Board, were invited to today's conference.

Barnes, it was learned, was to be quizzed on the feasibility of having the government purchase the present year's grain crop at guaranteed prices and resell on the market at a lower figure.

Bread, the Department of Labor reports, sells for 9 to 10 cents a pound in most cities. It is argued if this price can be cut to 5 or 6 cents other foods will drop in sympathy.

Reduction of Currency

Governor Harding was to be asked about the advisability of reducing the volume of currency in circulation, which officials say is twice that of pre-war days. They argue this is one of the chief causes of high prices. The President, it became known today, is giving serious consideration to the revival of the price-fixing and profit-limiting functions of the food administration.

A Palm Beach Suit Bought Now Will Pay You an 8% Dividend for Three Years

You may feel that it is a little late in the season to buy Summer Clothing; and, if conditions were normal, you would be right.

As it is, we are not only justified in devoting this advertisement to a talk on Palm Beach Clothes, but we believe you want us to do so; to-wit:

Should you wait until next summer to buy your Palm Beach Suit, you will pay 10 percent more for it, possibly twenty. If you buy it now you will save the increased cost for the next two seasons and you will have a summer suit for the balance of this season.

When we say that a Palm Beach Suit bought of us now will pay you an 8 percent dividend for the next three years we are allowing for depreciation as well as for First Cost.

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion If Skin Is Sunburned, Tanned or Freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

CAPT. LAWTER ELECTED MAJOR OF U. R. K. P.

ANAHEIM, Aug. 5.—At a meeting of the Third Regiment, California Brigade, Uniform Rank, Knights of Py-

thias, held in I. O. O. F. hall at which were present officers from Chevalier Co. No. 6 of San Diego, Los Angeles Co. No. 25, Anaheim Co. No. 26, Pasadena Co. No. 22 and Santa Barbara Co. No. 48, which comprise the first battalion, Captain Lawter of Los Angeles Co. No. 25 was elected major.

Among other things brought up for discussion was the 1920 encampment, and it was recommended that it be held at Yosemite during the grand lodge session and Brig. Gen. Ames was requested to use his efforts to that end.

At the close of the meeting Col. Granger of San Diego escorted Mrs. H. F. Ames, wife of Brig. Gen. Ames, into the lodge room, who, in a few well chosen words, presented the regiment with a handsome regimental banner.

Read the Wrong Cards

"You are dissatisfied with things as they are?"

"I am."

"And, therefore, you claim to be an idealist."

"Yes."

"Well, you're not. You're simply a new dealerist."—From the San Francisco Chronicle.

FIVE SERIOUSLY HURT WHEN TRAINS CRASH

SAN SILITO, Aug. 5.—Five persons were seriously injured and a score were bruised and shaken up when the Northwest Pacific's San Rafael train crashed into the rear of that company's Manor train in the local yards early today. Both trains were crowded with early morning commuters, bound for San Francisco.

Cat Steps

A smart city barber received a shock when an old countryman planted himself down in a vacant chair and asked to have his hair cut. Never in his life had the barber seen such an extraordinary crop of hair. It stuck up in wild, unkempt tufts, of different lengths, and looked more like a half worn mop than anything else.

"H'm," said the man with the scissors, "who cut your hair last?"

"Oh, my wife did," answered the yokel, with a shame-faced expression.

"What did she do it with, eh?"

snorted the barber, disdainfully—"a knife and fork?"

'LET'S GO!' THE ATTITUDE OF CHAIRMEN CUT IN PRICES IMPERATIVE IS CLAIM

(Let's go!)

With this the attitude of the chairmen of city districts for the drive for membership in the Orange County War Service Recognition Association, the success of the campaign to put Santa Ana over the top once more, today stands assured.

Chairman R. L. Bisby at noon today assembled his city chairmen at a luncheon at James' for a conference, and following one of James' dainty lunches, the men got down to business and quickly disposed of points that were up for discussion.

The district chairmen present were Walter N. Vandermast, J. C. Metzgar, E. A. White, Wm. R. Gordon and City Chairman Mayor John G. Mitchell. B. Gardner is out of town and could not be present. Others at the table were R. L. Bisby, Mrs. Bisby, Jack Wallace and Horace Fine.

Before departing, Gardner reported that he had his district completely organized. Gordon and Metzgar today made the same report for their districts. Vandermast and White will have their districts lined up by tonight or tomorrow.

Next week is the campaign for the county. The Santa Ana drive will be put on Tuesday, and with the organization as it is, it is expected that the one day will suffice to raise the quota for this city. The quota is \$5780.

"Everybody wear a button," is to be the slogan for the week. Some of the buttons have already arrived and they are beauties. It is a gold button, with an orange on a twig in the center, with three green leaves, on a field of gold. On the outer edge is a blue enamel circle bearing the words, "Orange County War Service Recognition," the word Association being too long to be inscribed in the circle.

Every member of every family who can afford it is expected to purchase a button and become identified with the organization. The membership fee is \$1, which includes the button. It is anticipated that some who have the spirit of the day in their hearts will want to pay more than \$1 for the privilege and honor of wearing the button. The sky is the limit.

It is going to take between \$20,000 and \$25,000 to carry out the plans of the executive committee for the week, come to returned service men on September 9th at Orange County Park. The money is to be raised by the sale of membership buttons. It is the only source of revenue for the big entertainment.

Everything will be free at the park. The service men and women will be given the time of their lives. The kiddies will have a feast of ice cream, comes, with the older kids joining in disposition of the ice cream, lemonade, ice water, etc., which are to be furnished by the committee.

There will be two or three dance floors and all concessions on the grounds will be taken over for the day.

Where's your button?

Don't let it be possible for anyone to ask that question of a Santa Ana resident, man or woman, boy or girl, on the day after the big drive here.

(Continued from page one)

tion and the war industries board, now imperative, although the laws which enabled them to operate are still on the statute books.

The Federal Trade Commission, it was said, has production figures on thirty billion dollars' worth of commodities, including bread, flour, canned foods and other foods. These figures were used by the government in price limiting during the war, and will form the basis of any action growing out of the present agitation, according to officials.

The President, it was learned, hopes to present definite recommendations within a few days.

New laws may be asked from Congress, where existing legislation is concerned inadequate.

The President, according to his advisers, feels that natural economic laws are responsible for high prices in part only. He believes, they say, that natural conditions are aggravated by combinations, profiteering, speculation and hoarding.

He is said to believe these artificial conditions can be broken down by federal action and that their existence is responsible for much of the unrest and dissatisfaction.

Wheat Guarantee Problem

Repeal of the wheat price guarantee is scheduled to be discussed by the Senate Agricultural committee shortly, with senators from agricultural states apparently widely differing. Chairman Gronna, North Dakota, favors repeal on the ground that the farmer will then get higher prices for his wheat.

Senators Norris, Nebraska; Capper, Kansas, and other members of the committee, declare the farmer will lose if the government minimum price is removed.

Charges that the government itself, through the United States grain corporation, which is marketing the nation's wheat crop, is guilty of profiteering in grains and thus responsible for forcing the cost of living, were to be made to the House today by Representative McCulloch, Ohio.

The grain corporation through its complete control of the market, has increased the wheat price as high as \$2.25 a bushel above the \$2.26 guaranteed price, and the transactions have resulted in a profit of nearly \$24,000,000 to the government, he declared.

"Mr. Barnes in his letters to me apparently boasts of his profit as a good business achievement," said McCulloch. "He asks, 'Don't you think it is good business to make a profit on your turnover?' and apparently is out to make a record for himself."

"His action is as far from what Congress intended as anything could be. We did not only intend that no profit should be made, but appropriated one billion to resell the wheat to the people at lower prices, the government to absorb the loss."

"The profit, Mr. Barnes admits, is in addition to all the expenses of the corporation, which are very large."

Nationalization of Big U. S. Industries Is Discussed

WASHINGTON, Aug. 5.—Nationalization of American railroads with possible spread of the principle to many other industries came to the front in Washington today in the discussion of labor and the high cost of living.

"I think the present trend of events is toward nationalization of industry," Senator Cummings, chairman of the senate, declared. Nationalization of the railroads, if it should occur, would in my opinion, be followed by nationalization of other industries. I do not, however, anticipate immediate nationalization of the railroads."

Representatives of the four big railroad brotherhoods will appear tomorrow before the joint congressional committee to present their side of their demands for wage readjustments. Some members of the congressional committee intend to attempt to bring out by questioning that labor considers public ownership of the railroads only a step in the direction of control of all big industries.

Stephens Asks Attorney General to Help In Fight

LOS ANGELES, Aug. 5.—Gov. Stephens today made his first definite move in the California campaign against high food prices. Arriving here from San Francisco early today, he sent a letter to Attorney General Webb asking for full advice "regarding the legal possibilities for lowering prices in California of food, clothing, shoes and so forth."

"The high cost of living today is our most serious problem," the governor's letter said, "and I am determined with your assistance and with the assistance of other state and local officials to stop profiteering."

Governor Stephens said that after hearing from Webb he planned to ask the State Railway Commission to investigate the price situation and to recommend remedies as well as determine the reasons.

KNIGHTS OF COLUMBUS AT PEACE CONVENTION

BUFFALO, N. Y., Aug. 5.—The Peace Convention of the Knights of Columbus was held here starting today and lasting three days. It will be the largest in attendance and volume of business to be transacted since the order was founded more than 37 years ago.

Leaders in army, navy and civil life, will address the convention at the K. of C. council building. Later sessions

will be held at the Statler hotel. Archbishop Hayes of New York has been invited to address the convention. Bishop Shahan, rector of the Catholic University, will deliver the sermon at the high mass which precedes every K. of C. Supreme Council meeting and Bishop Turner of this city will be the celebrant of the mass.

Thousands of Knights from all parts of the United States, Canada, Newfoundland, Porto Rico, Cuba, Mexico and Panama are expected to attend.

USE STATE LAW IN HAY FIELD PROTECTION

Forest Officials Will See That
Outfits In Foothills
Obey Law

Forest Ranger Stephenson of El Toro and men associated with him in the protection of the foothills and mountains of the Santa Ana range are going to strictly enforce the new state law requiring hay baling and threshing outfits to carry fire extinguishers and the new state law requiring trucks engaged in hauling hay and grain to have spark arresters.

The new law requires each outfit working with hay and grain with power or threshing to carry at least two 2½-gallon fire extinguishers. The other law, passed to prevent fires being started by the back-firing of trucks, makes it illegal for a truck to engage in hauling hay or grain without an improved spark arrester.

"So far as the forest officials are concerned," said Stephenson, "outfits using balers and threshers anywhere along the foothills from which a fire might spread to the national forest boundaries must obey the law. Any outfit found without the extinguishers will either be prosecuted or will be halted in its work until the owner provides the extinguishers according to law. It will cost less for the extinguishers than it will for his outfit to stand idle while he goes to town to make his purchase of extinguishers. Every outfit working in the danger zone is going to be inspected, and none need expect to escape inspection and decisive action by the forest officials. The law is a wise law, a mighty good law, and we are going to make full use of it for the protection of the forest area."

An example of damage done by a fire that could have been prevented by quick use of a fire extinguisher occurred on the Whiting ranch near El Toro last Friday. A power press was at work baling hay. The owners had never heard of the new state law, and had no fire extinguisher. A fire was started by the engine. The owners say that if they had had any kind of a fire extinguisher the fire could have been put out easily. The fire spread quickly, and before it was out it had destroyed the power press, between sixty and seventy tons of straw, the engine and the bed of a wagon, and had burned over two acres of land.

TOMORROW SEIDEL OPENS NEW MARKET

Tomorrow is to be a gala occasion at 220 West Fourth street, for this is the time set for the opening of Henry Seidel's new market, just finished up by Contractor Weston at a cost in excess of \$11,000. This market is undoubtedly one of the finest in appearance and equipment in Southern California and reflects the boosting, progressive spirit which is making Santa Ana grow.

It is especially fitting that such a splendid market should be fitted up by Henry Seidel, whose long years of service here have convinced him that there is no better business town in the country than Santa Ana and none that will grow so rapidly in the future.

"Of course I'm proud," said Seidel today. "Any man should be proud to operate such a market as this. I've been looking forward to such a time as this for a long time and will be exceedingly glad to welcome my friends into the new market tomorrow. Santa Ana's going to be a town of 25,000 people or 50,000 people in a few years and I have abiding faith that my investment will be appreciated and justified under future conditions."

Had Bilious Attacks

"Some time ago I had indigestion and frequent bilious attacks. I procured a bottle of Chamberlain's Tablets and was greatly surprised by the quick benefit I received from a few doses of them. One bottle cured me as I have not had any return of them," writes Mrs. Ella Wright, Chillicothe, Mo. If you have any trouble with your digestion give these tablets a trial. They will do you good.—Adv.

HEAD TAX IS CAUSING SHORTAGE OF LABOR

LAREDO, Tex., Aug. 5.—Inability to secure \$8 a week is keeping many Mexican laborers from jobs that literally are before their eyes—and incidentally causing a farm labor shortage on the ranches of the Rio Grande Valley, that is the worst in years.

Since passage of the draft laws, when thousands of Mexican laborers left the United States for Mexico to avoid military service, cheap labor has been at a premium throughout the Texas cotton belt and in truck farms and construction camps.

With the war over, employers immediately took steps to secure return of the Mexicans, but the United States Immigration Service refused to lift its ban. An \$8 head tax is the first and most serious problem confronting the Mexican who wants to come back to his old job in America. Eight dollars to the average Mexican laborer, in Mexico, is as much as eight thousand. He hasn't that much and there is no way to get it.

Long Beach Resident Sends Letter to Taft Daily For Five Years

LONG BEACH, Cal., Aug. 5.—Long Beach has been represented in the mail of former President William Howard Taft every day for the last five years. It has been well represented—by a six-page letter.

The fact, however, that out of all the 1825 letters estimated to total 1,314,000 words which Taft has received from Long Beach, the only thing decipherable has been "Full many a gem of purest ray serene" is of some interest.

Every letter has been signed, but never has the signature been decipherable. All this came to light when Taft, through his secretary, answered one of the letters. He sent a message to the writer, in care of the postmaster at Long Beach and enclosed some sample letters to aid in finding his correspondent.

SANITY OF SPRAGUE TO BE INVESTIGATED

BERKELEY, Cal., Aug. 5.—Investigation as to sanity will probably be the first legal process Roger Sprague, former University of California instructor, will undergo, following an outbreak yesterday during which he shot two men and a woman.

Brooding over unemployment since he lost a position as chemistry instructor, Sprague, shot and inflicted a scalp wound on Dr. J. H. Hildebrand, professor of chemistry, shot and broke the skin on the face of Prof. Edmund O'Neill, head of the department; then shot through the hair of Mrs. Mary L. Cheney, after she struck the weapon he had pointed at her temple.

PLACED CORNERSTONE NEW LUTHERAN CHURCH

ANAHEIM, Aug. 5.—A goodly number of people from Anaheim and various parts of Southern California gathered Sunday afternoon to witness the laying of the cornerstone of the new Grace Evangelical Lutheran church which is in course of erection at the corner of South Palm and Elm streets.

The speakers for the occasion were W. P. Hieronymus, student of theology from Columbus, Ohio, and Rev. C. E. Linder of Santa Ana. The otherwise inspiring service was beautified by the rendition of two anthems by the St. Peter's choir of Santa Ana.

TIRE DEALERS TO PROTECT THE MOTORISTS

Will Try to Prevent Junk
Tires "Coming Back"
As New Ones

As another proof that the California Auto Trade Association is organized for the protection of the public as well as the tradesman, the Orange County Auto Trades Association, which is a branch and part of the state organization, met at the Santa Ana Rubber Co. last night and adopted ways and means of putting tires bought or sold for junk in such shape that they cannot be painted and patched up and sold to the motoring public as first class tires.

The plan was discussed and endorsed at the state convention at San Diego, July 28th.

"This does not interfere with repairing of tires which are worth repairing, but will do away with the practice of a tire being sold for junk at two or three cents a pound, then resold to some vulcanizer or tire rebuilder who puts a tread on it, gives it a coat of tire paint, and sells it to the unsuspecting motorist for one-third or one-half the price of a new tire," said a tire dealer today. "Such tires usually 'blow' to pieces after running for three or four hundred miles."

After the meeting adjourned, the members were guests of "Diamond" Jack Willey at a luncheon at James' Confectionery, where the new motor vehicle act was taken up and different sections discussed.

STANISLAUS COUNTY HAS BUT FOUR IN JAIL

TURLOCK, Cal., Aug. 5.—Stanislaus county's jail has only four inmates, less than the institution has housed in eight years.

Manuel Correa, convicted of murder, has the whole lower floor to himself, and Jack Givens, alleged Modesto grand larcenist and two Newman petty larcenists, are the occupants of the upper floor.

"Lean To" Auto Tent, \$11.75; see it at Vic Walker's.

Knights of Shining Brush to Give High Living Cost a Boost

Wow! Up she goes again! Just as Uncle Sam is taking up an investigation to ascertain the high cost of living, Santa Ana shine artists announce that on and after Friday morning next it will cost 15 cents to have the covering of a man's pedal extremities made to shine like a mirror. The knights of the shining brush have battled through a long period of high living costs, and the regular elevation of commodities that daily enters into the development of the force they put behind the brushes has outdistanced them and they practically have been left standing at the post.

They have bucked the game all through the war period and have made every effort to stick to the pre-war schedules, in face of the fact that their profession in other cities long since assisted Old Man High Cost of Living by adding their strength in shooting the price of shines up to 15 cents.

DENVER.—The cost of high living received another setback here today when Java tipples joined doughnuts in the ten-cent class of restaurants.

HOW TO STOP BEING NERVOUS

Nothing Like Plain Bitro-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve forces, is a form of organic phosphate known among druggists in this country as Bitro-Phosphate.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells and, being easily and quickly assimilated, the work of creating nerve force, strength and vigor begins immediately it is taken into the human system.

There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphates, care should be exercised to procure the genuine Bitro-Phosphate.

Our Great Store-Wide Clearance

Sale Continued Another Week

SO intense has been the buying at this sale we have decided to continue the much appreciated bargains another week. The ladies have come from far and wide to attend this sale. They have responded beyond our most hopeful expectations; and, now to show our appreciation we will continue the bargain prices another week.

The most attractive savings of the season. We are determined to sell every article in our large store, and have simply cut and slashed the prices everywhere. Prices would not tell the story; in many cases they have been cut as much as 50 per cent.

Comparative prices also would tell little, as the prices are continually advancing, especially on all staples. Come in and see if we have what you want

DANGEROUS BUSINESS

The Register questions the wisdom of offering large rewards for the apprehension of criminals. It has always done so, but the matter is brought freshly and forcibly to mind just now by the large and growing reward offered in the Lawler case.

In common with all law-abiding, liberty-loving people, The Register is horrified at the outrage and condemns to the uttermost the hell-born fiends who perpetrated it. This paper would, if necessary, join in offering a reward for their apprehension.

But we do not deem it necessary, or even expedient, for anybody to offer a reward in such cases. On the contrary, it is quite possible for the offering of large rewards in such cases to do much harm—even to defeat the ends of justice and commit a crime and outrage equalled only by the crime and outrage it seeks to expiate.

What honest and honorable officer of the law needs the spur of a reward to make him move heaven and earth to run down and bring to justice the murderers of women and children? What citizen whose intelligence and integrity are such as to render his information or testimony of any value would, in such case, need the incentive of a reward to induce him to place his services at the disposal of the district attorney?

On the other hand, the offering of large rewards for the apprehension of criminals arouses the cupidity of dishonest people, official and unofficial, and especially of denizens of the underworld, resulting in at least attempts at "framing" a case against some innocent person. And often to cupidity, as a motive for "framing," is added jealousy, fear, grudge, revenge, or some other of the passions that sway the unscrupulous man or woman.

Even if the attempt at "framing" is unsuccessful, it may serve to allay suspicion and prevent pursuit of the real criminal and enable him to escape. Indeed, this very aspect of the case adds to its imminence as a false factor, for the criminal and his co-conspirators would not be slow or inefficient in taking advantage of the opportunity it affords them of killing two birds with one stone, or, to change the simile, of blinding the hawk and feathering their own nest at one stroke.

There is just one chance, it seems to the Register, of good results being obtained by the offer of large rewards for the apprehension of criminals, and that is that some confederate of the criminal may thereby be induced to "turn state's evidence." But that is dangerous business. Where there is one man or woman of the criminal class who would "snitch" on a pal there are ten who would "frame" an innocent person to save a pal—especially if in doing so one could "get even" with an enemy, or remove a stumbling block from his own pathway or a menace to his own safety.

As an alternative to the policy of offering large open rewards, a large sum of money might be appropriated or raised, and the best legal and detective ability of the country engaged on a retainer and contingent fee basis.

AN OUTRAGE

Words do not exist that of themselves can picture the depths of degradation to which a man capable of the attack upon Oscar Lawler and his home and family in Los Angeles has fallen. So fiendish in its conception and execution was the deed, that one is almost persuaded that only an insane man could possibly have had anything to do with it.

The evidence available at the present time indicates, however, that the act was the result of a deliberate plot, conceived for the purpose of revenge or for terrorism.

The thing has been done. So monstrous was it, so cruel, so inhuman that the plotters would have burned to death not only the man they hated, but also his wife and child. A woman was to be burned to death. A mere child in whose eyes was naught but the love-light of innocence was to be destroyed in flames.

May there be immediate and sure success in bringing the perpetrators to justice? No effort should be spared. Let there be no dilly-dallying of the law. Let there be no question as to what the people of California think of an unspeakable outrage such as this is.

FREIGHT NOT TO BLAME

There is a current impression that much of the increased cost of commodities to the consumer is due to the higher freight rates. Needless to say, it has been cheerfully fostered by manufacturers and others.

Just how much effect this particular factor has had on the situation may be learned from a statement made by Julius Kruttschnitt, chairman of the Southern Pacific railroad, in his annual report.

"No coin," he says, "is small enough to represent any of these increases in cost. But if the dealer should add one copper cent in each case to the 1910 price to reimburse him for the increased cost of his commodity due to increased freight rates, he would grossly overcharge the purchaser in every case. He would make him pay nearly double the proper amount in the case of a pair of shoes and over six times the proper amount in the case of a pound of ham or bacon."

So far, then, as this factor is concerned, there is ground for the New York World's suspicion that the ordinary American "is the victim less of oppression higher up than of extortion lower down and on his own level."

Of Human Beings

Chicago Tribune

No deadlier weapon was ever devised than the Roman short sword. This information may be nursed advantageously by those who have been deriving comfort recently out of the smug reflection that the new engines of destruction and new gases are so devastating as to prohibit future conflict.

Each war has produced new and violent machinery to destroy the enemy. Knights errant in their poetical were considered invincible until the Swiss upset them and proved the age old theory that infantry is most dangerous. Artillery was once considered so destructive as to make all warfare seem impossible.

Before the great war we heard much of mysterious acids which would blot out whole cities, ammunition capable of destroying armies. Infantry remained the backbone of the military forces. The acids, gases, high explosives, planes, electricity all played their parts, but the controlling factor of warfare is unchanged.

An automobile is impelled by a new energy, has more comfortable seats, many conveniences, runs on four wheels just the same; the ox cart hasn't changed so greatly after all.

War never depended upon the destructiveness of the weapons employed, but upon the temper of human beings. The wheels of human desire, human jealousy, human loyalty, and human ambition are the same though we have built around them a modern carriage of diplomacy and commerce.

A great shell might destroy a whole army if that army were conveniently assembled for that purpose. But one belligerent device is a gun big enough to kill 1000 men the other belligerent will see that 1000 men are never to be found together. Bombs may destroy cities, but the wise inhabitants of those cities will not be there when it happens; or they will devise a new bombproof.

War is not of powder, but of human thought and will.

The Tiger

San Bernardino Sun

It is well-nigh impossible for people outside of France to understand why there should be any serious opposition in that so recently rescued nation to her chief scion. For that "Tiger" Clemenceau undoubtedly is. When hesitating premiers who faltered before "defeatism" were exposing the Republic in their care to final destruction the French nation turned as one man to the one leader who could save them. They called Clemenceau from his critic's seat and demanded that he turn his vitriolic powers against the Hun—and against the coward or traitor Frenchmen who were doing the Hun's work behind the French lines.

Clemenceau came. "Veni, vidi, vici." He struck two-fisted at the enemies of France, one fist for the Germans and the other for the Bolo Pashas and the Caillaux who were stabbing her in the back. He saved France if ever a statesman saved a nation. And now that peace has come and Clemenceau has guided his nation most successfully through the difficult and trying times of treaty-making, enemies arise against him in the chamber; and his fate, in spite of his preliminary success, is still in doubt.

Why? In the first place, gratitude plays about as large a part in politics as elsewhere. No nation chooses its rulers for what they have done, but for what they will do. And intensely democratic, industrial working France is by no means certain that it likes the sort of civil government which Clemenceau represents. Clemenceau was not a very popular officeholder in the Pacific days before the war. He was a far better slayer than leader of cabinets.

A "Tiger" may be a fine enemy to let loose on one's enemies, but less attractive as a domestic pet.

The Socialists are irreconcilably opposed to Clemenceau because of his drastic measures toward them when in office. His "tiger" springs have made a lot of enemies through the years, and peace has once again released their enmity. Then he is an old man. That counts minus in politics so largely personal as the French. Rising young politicians will not rally heartily and steadfastly to a sinking man, be it ever so brilliant. The allied world, outside of France, would today elect Clemenceau unanimously to the highest position—in France. But it is not so certain that it would keep him in high office at home.

SYMPATHY

MARINE TRAVELS 60,000 MILES IN 4 YEARS

Sergeant Mack Tells of Many Places Visited During Enlistment

PITTSBURG, Aug. 5.—Sergeant William L. Mack of Pittsburg, a former member of the U. S. Marine Corps, tells of his wonderful cruise in the Marine Corps and says that it was both a pleasure and educational cruise, the following is what he experienced in one four year enlistment in this branch of the service:

Sergeant Mack enlisted in Pittsburg and was sent to Philadelphia, then to Washington, D. C., from Washington to Annapolis, Md., and then to Boston, Mass. At this place he was ordered on board the U. S. S. Chicago which started on a cruise from Boston to San Francisco by way of Cape Horn. On this cruise the U. S. S. Chicago stopped at Rio Janeiro, Brazil, Buenos Aires, Argentina, Valparaiso, Guayaquil, Ecuador, Acapulco, Mexico; San Diego, Calif.; Los Angeles, Santa Barbara, Monterey, Santa Cruz, and San Francisco.

"This ended the cruise of 14,000 miles," said Mack, "but we did not stop long here as we were ordered to the Lewis and Clark Exposition at Portland, then to Alaska where we visited the following towns: Douglas City, largest diamond mine in the world; Juneau, Skagway, and Sitka. From Alaska we sailed for Canada, stopping at Victoria, Port Townsend and Vancouver and then back to San Francisco. After staying here a while we again started out, this time for Honolulu, H. I., where the burning volcano is located, and on returning we put in at Vallejo, Calif.

"Leaving Vallejo we proceeded to Magdalena Bay for target practice. When this was over we started back for Los Angeles where I was transferred ashore and shortly afterwards was transferred again to sea duty on board the U. S. S. Boston and went to Honduras, Nicaragua, and San Salvador and on returning we made short visits to all important towns in Central America. We again were sent to Mexico, this time visiting Acapulco, Manzanillo, Altato, Guaymas, and Lapoz, from here we started back for Bellingham, Wash., and we also made stops along the coast.

"At this port I was again transferred ashore and sent to the barracks, where I received my discharge. I left here for home by boat to Seattle then by rail to Portland, Ore., Cheyenne, Wyo., Omaha, Neb., Chicago, Ill., and Pittsburg, Pa. "In all I believe I covered about 60,000 miles during my first enlistment."

Yes, From Boston!

In one of the southern training camps, a profane and perspiring infantry sergeant was doing his best to pound into the heads of a squad of exceedingly raw "rookies" the rudiments of military science.

When the sergeant gave an order, each willing recruit of the squad made a commendable effort to execute it, but every little rookie had a movement all his own, with highly unsatisfactory results.

"As you were!" bawled the sergeant.

At this point the proceedings were interrupted by a recruit from Boston, who before enlisting had been a Harvard student.

"Beg pardon, sawgeant," said he, "but wouldn't it be moah propah to say, 'you will restoad the status quo ante'?"—Cartoons Magazine.

Creed for Republicans

(From Pasadena Star-News)

The Republican party, the Star-News verily believes, is facing the greatest era of useful, noble service that ever has fallen to the lot of this historic political organization, not excepting the ominous, crucial days of reconstruction and rehabilitation of the nation following the Civil War. The Republican party then was a party of progression and construction. It had its great mission then. It fulfilled its mission well, on the whole, as that very bright page of American history attests.

The Republican party today is called of Destiny to take up, with wisdom and courage, progressive, reconstructive, rehabilitational works in national government. The people, last November, gave the Republicans control of both houses of Congress. The people put into Republican hands a specific mandate. The party is charged with the responsibility of meeting the just expectations of the people. The Star-News has faith to believe the party will rise, in majesty of spirit and purpose, and meet, splendidly, creditably, usefully and acceptably, the high duties that lie before it.

In this connection, the Star-News quotes, with approval, extracts from a statement from Will H. Hays, chairman of the Republican National Committee—sentiments that are very sound and timely. There are grave responsibilities before the Republican party now. There are problems to be faced in

the future. Men must forget self and the small ambitions and think only of the party as a tremendous force in the rush of great events. Just as during the war period, so now, as we approach these problems, we have no time for petty jealousies, carping criticisms, pullings and haulings, but fearlessly, in a spirit of patriotism, with our eyes solely on the country's welfare, the Republican party accepts the commission given it by the electorate of the people last November and will proceed to solve the problems. We attribute honesty of purpose to the opposition. We urged, during the war, that each party strive to see which could aid most in war support. Today we urge that each party make it its business to see which can go the farthest in developing plans and executing purposes for the welfare of the people and the glory of the nation. Let this be the real effort between political parties in this country."

Stomach Trouble

There are many who should be greatly encouraged to know that stomach troubles can be cured. Mrs. T. E. Hullinger, Mansfield, Ohio, was sick for three months with stomach trouble and constipation. She saw Chamberlain's Tablets advertised and decided to try them. Let her tell it. "The first dose did me more good than all of the medicine I had previously taken and by taking two bottles of the tablets I was positively cured."—Adv.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BEGINNING AT HOME

Why speak in a reproving tone
Unto a bawky telephone
And criticize with emphasis
The errors of some care-worn
miss?
Why, when the street car man
talks rough
Reply in kind? There is enough
Of agitation in the air—
And, anyhow, he wouldn't care.
Why strive with scowls to
regulate
The men who serve and make you
wait?
Who hurry by and let you stand
Pleading, with money in your
hand.
'Tis not for you, oh, generous
friend,
The manners of mankind to
mend.
If you can smile and do your task
'Tis all this year's word will ask.

A Pleasing Concert

The Saturday evening recital, August 2, at the Valentine Conservatory, Huntington Beach, had in addition to several pleasing numbers by pupils, the great treat of a reappearance of Charles A. Valentine after many years of invalidism. Mr. Valentine was a pupil of Wilhelm and Joachim while studying in Europe and his technique has the old-time clearness and finish. He gave a violin number, Gondoliers, from Suite III, Op. 34, No. 4, by Franz Liszt, and for encore, a Mazurka by Milyarski. He also played in a violin duo with Mrs. Beatrice Robertson, "Miserere" from Trovatore.

Mrs. Arthur F. Davis, of Hemet, with her little daughters, Dorothy, Ruth and Marjorie, took part in the program. Mr. Ralph Davis sang "The Long, Long Trail."

Mrs. Magruder, of Redlands, held a guessing musical contest, playing familiar strains with improvised interludes. Mrs. Davis and Mrs. Cunningham winning the highest number.

Getting Records Ready

Mrs. A. J. Lawton is left today for a week or ten days at San Diego. During her absence Mrs. F. W. Mansur of 120 East Washington, will have charge of the collecting of the data for the records of the service men. This record was originally intended for the History of the War of California, but will be used also for the awarding of medals at the celebration to be held September 9th at the County Park.

The council has reported 1170 altogether, with 581 for Santa Ana. Fullerton and La Habra have not completed their records and the data from the fourth supervisory district, which takes in Orange, El Modena and the country through that section will probably be received today, as it has been compiled but not copied. Mrs. W. R. Garrett has had charge of this large district and her work has been most efficient.

For Interesting Guest

Mr. and Mrs. O. K. Forgy, Mr. and Mrs. J. P. Hatfield, Mr. and Mrs. R. R. Shafer and Mr. and Mrs. M. R. Scott, together with Mrs. D. E. Martin of Santa Clara, a house guest at the Forgy home, enjoyed a jolly picnic dinner at Orange County Park last evening.

Mrs. Martin is the wife of Ensign D. E. Martin, chief engineer of the destroyer Boggs of the Pacific fleet and will meet her husband when the big armada arrives at San Pedro.

Attend Summer School

Misses Gertrude Potts, Olive Wagner, Arlie Cleveland, Helen Reinhaus and Ada Borden are attending the three weeks summer session of the School of Methods conducted by Mrs. Swope of Riverside, which opened yesterday at Long Beach.

Guests at Laguna

Mrs. E. H. Noe of 2109 Greenleaf is spending the week at their cottage at Laguna. She has as her guests, her cousins, Miss Kate Wendelkin of Tustin and Miss Schminke of Nebraska City. The latter is spending a few months in Southern California.

Watermelon Party

Every year when the watermelons begin to ripen, Mr. and Mrs. Nathaniel Travis of North Ross street invite their friends to an informal watermelon party. Last evening they gave another of these very successful affairs to about twenty friends who gathered on the lawn for the evening's informality and later continued their entertainment indoors.

To Be Associate Editor

Mrs. W. A. Fitzgerald, of Fresno, the new editor of the Club Woman, the official organ of the California Federation of Women's clubs, is in the southern part of the state conferring with club women about the forthcoming issues of the magazine.

Mrs. Fitzgerald will have Mrs. Elsie Smith-Trueblood, former editor of the Club Woman, as managing editor, and will have two associate editors, one from the northern part of the state and one from the south. It is believed that Mrs. Terry Stephenson of this city will fill the latter place. Mrs. Stephenson is an experienced newspaperwoman and would be a welcome addition to the staff of this interesting magazine. Then there will be district correspondents from each of the six districts.

August, being the midsummer number.

ber, will be of general interest, interweaving the work of the last year with that of the season to come. September will probably be given over to a message from the council, meeting at Ashville, department suggestions by state chairmen and other club items of operating interest. Then there will be introduced a few outside articles of general interest by well-known contributors.

Mrs. Fitzgerald is bubbling full of plans and hopes for a vivacious, readable magazine and some new features of general appeal.

Entertain Classmates

A group of Pomona College girls of the class of 1916 were recently entertained at a house party at Long Beach, the guests of Miss Katherine Stein, 1036 Dawson avenue. There were Miss Harriet Windren of Pomona, Miss Della Sloan of San Bernardino and Miss Frances Yeomans of the beach city who, besides enjoying Miss Stein's hospitality also attended the bonfire and Pomona College reunion at the Yeoman's residence in Orange avenue. Later a picnic dinner was served on the beach with Mrs. Harriet Dowling of Pasadena, Mrs. F. C. Yeomans and Mrs. G. W. Stein as guests.

Woman's Alliance

The Woman's Alliance of the Unitarian Church will meet tomorrow afternoon at the home of Mrs. C. H. Stanley, 1135 West First street.

Big Plans for Iowa Picnic

Plans and more plans are being made for the largest Iowa picnic and summer outing ever held by the Hawkeyes, to be in Bixby Park, Long Beach, Saturday, August 9th.

There will be basket dinners under the trees at noontime, with plenty of hot coffee provided. Judge Frederick W. Houser, president, will preside over the program, which will open earlier than usual, so as to be over in time to see the fleet. The company will go to the high bluffs only a block from the park and should be able to get a very good view. There will be songs and rousing patriotic addresses.

Many prizes will be offered to the oldest man, oldest woman, youngest child, one who voted longest, etc. There will be something doing all day from seven until midnight.

Registers and county headquarters will be opened at 7 a. m. and enrollment will continue all day. The Schuyler Hotel will be headquarters for the association, where all Iowans will be welcomed at any time.

Conductor Engaged

Walter Henry Rothwell has been engaged as conductor for the Los Angeles Philharmonic Orchestra, recently organized in Los Angeles. The announcement was recently made from the office of Manager L. E. Behymer. W. A. Clark has largely endowed the association, relieving the symphony players from the necessity of securing additional employment to gain a livelihood.

Mr. Rothwell's career as a musician speaks very well for the success of the organization. When the unprejudiced opinion of such men as Leopold Godowsky, W. H. Bragner, Josef Hoffman and George Engels of the New York Philharmonic were asked, they were unanimously enthusiastic in his favor. Rothwell is known to this section of the country through his appearance as conductor of the Savage production of "Madame Butterfly."

Motor Trip

Mr. and Mrs. J. W. Babbitt motored to Los Angeles Friday, to visit their friend, Joe Babbitt and Mrs. Babbitt's sister, Mrs. L. B. Seburn and daughter, Margaret. From there they went to Hollywood to visit Mr. and Mrs. C. P. Waite, who joined them going to Venice and Santa Monica Sunday. They also visited with their daughter, Mrs. J. L. Hoyer and family at Fullerton, returning last evening.

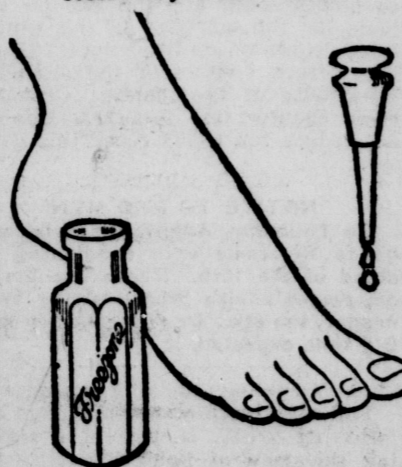

At South Fork

Col. and Mrs. S. H. Finley returned yesterday from South Fork, on the Santa Ana river. The rest of the family remained for a longer vacation.

There are seven cottages at the resort, located on land leased from the government, and just now they are nearly all occupied by their owners. Mrs. John McFadden and family are there and Mr. and Mrs. Arthur McFadden and family are going up tomorrow. Herbert W. Walker was there for six weeks and their cottage is occupied by the W. W. Hoy family at the present time. H. J. Forgy and family are to remain in their cottage a month. A. S. Ralph of Orange and Mr. Calkins are two other property holders.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you life that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

City and County Briefs

A good many members of the Christian churches of Orange county are attending sessions of the thirty-fifth annual convention of the Christian Churches of Southern California at Long Beach. The convention opened yesterday.

The difficult Caesarean operation was successfully performed on Mrs. C. C. Murdy of Westminster, at the Anaheim hospital Saturday. The little daughter only weighed two pounds, 15 ounces.

Automobilists of the county are asked to assist the government in its campaign to secure enlistments by displaying stickers on the windshields of their machines. Local Recruiting Officer W. P. Hughes has received a large consignment of the stickers, and they may be had by calling on him at the city hall, or by calling at the Chamber of Commerce. Men between the ages of 17 and 35 years are wanted for the Pacific fleet which is to arrive in Southern California waters on Thursday. Location of the fleet on the Pacific will give splendid opportunity to coast men to service close to home, with prospects of tours to foreign waters. The stickers are red, white and blue and are attractive.

Floyd Allen Marshall of Santa Ana is the first young man to enlist in the Marine Corps here since the office opened at 107 1/2 East Fourth street and pass the examination satisfactorily. He left here for the North this week after undergoing the test. Several others have attempted to enlist but failed to pass the preliminary examinations. The recruiting office is now in charge of Sergeant A. P. Atherton, who has many callers among the young men of the county seeking information about the service.

Dr. H. E. W. Barnes of Santa Ana, who underwent a major surgical operation at the Clara Barton Hospital in Los Angeles seven weeks ago, has just been moved from the hospital to the home of his daughter at 7209 Hawthorne avenue, Hollywood. He is slowly recovering from the operation, and hopes to be brought to his home here soon.

PERSONALS

Mr. and Mrs. Thomas Doyle and family of Glendale are spending a few days at the home of Mrs. Doyle's parents, Mr. and Mrs. Joseph Yeoh. Mrs. F. E. Bonnell spent today in Los Angeles.

The many friends of R. E. Beswick will be glad to know he has recovered sufficiently from his recent operation to return to his home.

Miss Bess Welch, a music teacher of Los Angeles, spent Sunday in Santa Ana with relatives and friends, motoring down with a party of friends, and returning late in the evening. L. H. Hill has gone to Alvarado, Texas, to attend the annual reunion of old settlers of that place. He will be gone a couple of weeks and during his time there will visit in Dallas and other places. He has three sons and a daughter living in the vicinity of Alvarado.

Mrs. Annie McMurdo and her granddaughter, Miss Marguerite Dickson, returned last evening from Lompoc, where they have been spending the past two months.

DEATHS

SLATER—At Wintersburg, Calif., August 5, 1919, Mrs. Bonnie Slater, aged 58 years, wife of W. F. Slater. Funeral services will be held Thursday, August 7, at 2:30 p. m., from the Methodist Church at Wintersburg. Interment at Huntington Beach cemetery, Smith & Tutbill in charge.

HOW TO PUT UP THE HARVEST OF FRUIT AND VEGETABLES

One of the comparatively new things developed by the war for the benefit of the housewife is a fruit preserving tin. It is a compact little can, air-tight and spoil proof, simple to close tightly and less expensive than a glass jar. We have a new shipment on display and should be glad to show them to every housewife who is putting up fruits or vegetables.

USE AN OIL STOVE

The use of an Oil Stove for cooking preserves is an advantage. In addition to being a convenience it does away with the heat discomforts. We carry the good makes, such as Detroit Vapor, Dangler, Perfection and Puritan.

John McFadden & Co.
HARDWARE, SPORTING GOODS, PLUMBING,
HEATING AND SHEET METAL WORK

KETTLES, SPOONS, STRAINERS

Aluminum or Granite Ware Kettles are the best. We have them in the big sizes. Stirring spoons that are long enough not to burn you, and strainers of reliable quality are other preserving tools.

OUR 50c LUNCHEON

Includes soup, choice of meats, vegetables, drink and dessert. The best of food, dainty service, and a cool, comfortable place to eat. We serve dinner also, offering a carefully varied menu—and new entrees every day.

JOHNSON OWNER OF CLUB STOCK IS CHARGED

Attorneys Threaten to Ask
Injunction in Case of
Carl Mays

NEW YORK, Aug. 5.—Charges that he is financially interested in the ownership of the Cleveland club in the league of which he is president, confronted Ban Johnson, head of the American League today. The accusation was made by Lieut. Col. T. L. Huston, half owner of the New York Yankees, which has started a fight against Johnson, following his action in suspending Pitcher Carl Mays.

In addition, the New York club's attorneys declared they would today seek an injunction to prevent Johnson from interfering further in the affairs between Mays and the Yanks. If they were successful they planned to start the star hurler against the St. Louis Browns.

Johnson has called off the meeting of club owners set for today. The club owners were to pass final judgment in the Mays controversy.

If Johnson can be proven to hold an interest in the Cleveland club, it may be necessary for him to resign. The public, it is believed, will not permit him to remain as the head of the league.

Huston declared he would welcome a suit in the courts should Johnson care to go that far. In that case, he pointed out, James Dunn, president of the club and others of its board of directors, could be summoned to tell what they know of the ownership.

BALL PLAYER MUST FACE MANSLAUGHTER

SAN FRANCISCO, Aug. 5.—James Caveney, San Francisco Coast league club shortstop, will go to Sacramento tomorrow to answer a manslaughter charge growing out of the death of Y. Nakanishi, Japanese pool room proprietor, in a fight between Japanese and several baseball players. Caveney surrendered to the police last night after a warrant for his arrest had been telegraphed here. He is at liberty under \$10,000 bond.

Before the Japanese died, Jack Bromley, a San pitcher, was arrested in connection with the case, but he refused to tell who the other men were. An investigation by Manager Graham of the San Francisco club resulted in Caveney admitting he struck the Japanese.

Caveney says the Jap accused him of not paying for some cigarettes, and charged the Jap swung a billiard cue. To save himself, Caveney says, he struck with his fist, the Japanese striking his head on the concrete sidewalk as he fell.

Prior to coming to the Coast league this season, Caveney played with Toledo in the American association.

ANGER CUTS JACKSON OUT OF RING VICTORY

PHILADELPHIA, Aug. 5.—If Willie Jackson, New York, had kept his head, he might be credited today with a knockout victory over Lew Tendler, aspirant for Benny Leonard's crown.

In the first round of a six-round mill here last night, Jackson dropped Tendler twice, once for the count of nine. Tendler's seconds threw water into the ring to revive him while he was taking the count. Jackson became so enraged he forgot Tendler and started after the seconds.

Tendler came back strong and in the next five rounds succeeded in plastering Jackson all over the arena.

"BIG BILL" LANGE IS MARRIED IN NEW YORK

NEW YORK, Aug. 5.—William A. ("Big Bill") Lange, former Chicago baseball star, was married last yesterday to Miss May Monavium in the Church of the Ascension.

Lange, now a San Francisco business man, has just returned from France, where he was in Y. M. C. A. work with the A. E. F. His bride, who is also from San Francisco, met him in New York. Lange is 48 years old, while Miss Lange is 24.

YELLOWTAIL RUNNING AT REDONDO BEACH

REDONDO BEACH, Aug. 5.—Yesterday was the first day of the season that the yellowtail and barracuda began running in schools and much excitement and interest prevails along the three wharfs where men, women and children are bringing in the big ones, ranging in weight from five to fifteen pounds.

Mrs. Mary Goodrich has the distinction of having caught the first yellowtail this year, a big nine-pounder which she hooked with a drop line.

HISTORIC GAME IS BROUGHT TO MIND

Through the visit of C. D. Hauverman, known at Stanford as "Fat" Hauverman, in Santa Ana yesterday, there was called to mind a historic football game that was played in Santa Ana about sixteen years ago. Hauverman is now a merchant at Banning. His family is staying at Newport Beach for the summer, and he spends the week-ends there.

The football game was between Santa Ana and the Sherman Indians, acknowledged football champions of Southern California. George W. Dryer, now an attorney in Los Angeles, home from Stanford on a Christmas vacation, conceived the idea of getting together a team to play the Indians. It was a terrific game, with Santa Ana beating the champions 6 to 0.

Dryer got together five Southern California Stanford players and one U. C. player, Wallop of Anaheim. The Stanford men were Tom and Ralph McFadden of Placentia, Bill Trauger, now of Los Angeles, "Stub" Raitt, then of San Bernardino and now head of the playgrounds department in Los Angeles, and "Fat" Hauverman of Banning. Tom McFadden is now an attorney at Placentia and Ralph McFadden is superintendent of the Anaheim Union Water Co. These men were added to the best of the town team, and it was a whale of a football team when it got to going. The local men who were on the team were Vic Walker, "Eric the Red" Stephenson, now forest ranger at El Toro and afterward a Stanford player, Gavy Cravath, who played a half, now manager of the Phillies, with Ray Balcom and Harlow Halladay as guards.

MAY KILL CARIBOU ON PRAIRIES OF CANADA

WINNIPEG, Man., Aug. 5.—The prairies of Canada may soon be dyed with the blood of hundreds of thousands of slaughtered caribou. Duplication of the great buffalo hunts on the prairies of the United States, years ago are expected in the Canadian caribou country—this time for the primary purpose of jolting the high cost of living.

Canadian officials estimated that there are 60,000,000 caribou in the northern barrens of their country. Caribou meat is wholesome and nutritious and the only difficulty is placing it on the market, they said.

With the prevailing high price of beef, pork and veal, they said, it would be economy to fit out hunting expeditions to drive the great herds to points south and kill off the animals for the market. In the winter, huge droves of caribou migrate to the less severe climate of the sheltered woodlands of the South Churchill river country, in Alberta. Hunters on sledges can easily reach this country.

NOTICE TO RED MEN

On Thursday, Aug. 7, the Tribe will go to Riverside with candidates, instead of the 15th. Those wishing to go, please advise Woodward by Wednesday, the 6th. Don't forget the date. Big time expected.

A Traveling Man's Experience
You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."—Adv.

RASH ON HEAD HAIR CAME OUT

Itching. Very Irritating.
Cuticura Healed.

"My head began to itch, causing me to scratch, and a rash came. The itching was very irritating and my hair came out terribly, and became thin and dry. The breaking out caused disfigurement for the time being."

"Then I started to use Cuticura Soap and Ointment, and I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) Miss Nina Venetucci, R. R. 1, Box 112, Colorado Springs, Colo., Jan. 22, 1919.

Daily use of Cuticura Soap, Ointment and Talcum usually prevent skin troubles.

Soap 25c, Ointment 25c and 50c, Talcum 25c. Sold throughout the world. For sample each free address: "Cuticura Laboratories, Dept. H, Malden, Mass."

Cuticura Soap shaves without mug.

NEWS OF LAGUNA BEACH

LAGUNA BEACH, Aug. 5.—Mrs. E. B. Howe, of Riverside, who is spending the summer in her Laguna Beach cottage, entertained a number of friends last Friday afternoon at bridge. A beautiful Japanese basket was won by Mrs. Frank Champion and late in the afternoon delicious refreshments were served. Those who enjoyed the afternoon were Mrs. Miller, Mrs. Howe's sister, who is at present her house guest, Mrs. Violette and Mrs. Best, of Riverside; Mrs. Denning, Mrs. Heisler, Mrs. Tunnell and her sister-in-law, Mrs. Gossuch, of Los Angeles, and Mrs. Champion, of Laguna Beach.

Otto Armstrong, who has been spending a month with his wife and children, returned Friday to El Paso. Mr. and Mrs. Frank Champion, Frank Champion, Jr., and Mrs. Armstrong accompanied him to Los Angeles, returning to Laguna Beach that evening.

Henri G. DeKruif, of the Cliffs, motored to Los Angeles Sunday with friends. He expects to be away several days.

Miss Glenn Jean Hill, who, with her mother and sister, is spending the summer in the Parker cottage—Idle Hour—has as house guests this week Miss Helen and Miss Alice Mateer of Santa Ana. The young ladies arrived Saturday.

Champ Vance of Los Angeles, arrived in Laguna Saturday to spend a month with his wife and daughter, Adele.

Mrs. Meta Wellington and her son, Erick Wellington, came down from Los Angeles Saturday for the week-end. They occupied rooms at the hotel.

Mrs. Frank Champion of Laguna Cliffs, entertained a large number of friends at dinner on Sunday. They all drove down from Los Angeles for the day. Those who enjoyed Mrs. Champion's hospitality were Mr. and Mrs. Harry G. Bochius, Mr. and Mrs. James Wilson, Mr. and Mrs. Ralph Martin and Virginia Martin, Mr. and Mrs. George Clevenger, and Mr. and Mrs. J. O. Brown and Miss Janice Brown.

On Sunday, August 3, Maurice Isch was the guest of honor at a surprise dinner party given at his home in celebration of his 20th birthday. Many of his friends and relatives met at the Isch home to help make the event a memorable one. According to tradition a huge birthday cake was presented to the young man, and this, with many other good things, was enjoyed by the party. Mr. Isch was the recipient of many beautiful and useful gifts. Those who helped him celebrate were Mr. and Mrs. Joseph Yoch of Santa Ana, Mrs. Elliott West, Mrs. Carrie Barnett and three children, Conway Griffith, Mrs. Cravath and Cathryn, Mrs. Otto Armstrong, Miss Adele Vance, Miss Vera Stanton, Miss Blanche Hill, Frank Champion, Neal Roney, Conrad Vance, Erick Wellington, Mr. and Mrs. Isch, Margaret, Katherine, Barbara and Mary Isch.

Mrs. R. J. Jessup and Miss Linda Jessup, of Salt Lake City, returned to Laguna Beach Monday after spending a few days in Los Angeles. They are occupying their cottage on the Cliffs for the summer. With Mrs. Jessup came Miss Ruth Tormaulin of Pasadena, who will spend a few days here and then leave for Seattle where she will take a steamer to Alaska, for a month's trip.

Edward Wall, justice of the peace of San Bernardino, and his mother, Mrs. C. E. Wall, were week-end guests at the hotel.

Mrs. Henry G. Nau of San Bernardino, is occupying the James Rice cottage and will remain during August and September. On Sunday a jolly party of Tustin and San Bernardino people drove down for the day with her. Among them were Mr. and Mrs. Sherman Stevens, Mr. and Mrs. Samuel Nau, Mr. and Mrs. Adam Zaiser and Mr. and Mrs. John Melchoir. They all returned that evening.

Mr. and Mrs. Frank Averbeck, of Pomona, arrived Friday to take possession of the Norton cottage on the bluff. They will remain until the first of September.

Mrs. Abbie D. Taggart and her son, Tom E. Taggart, Jr., have come down for a week's visit in their cottage on the Cliffs. Mr. Taggart has just returned from Germany where he was serving with the army of occupation.

Mrs. Cora B. Cavins

116 E. Fourth St., Santa Ana, Cal.

Mrs. Francis Moulton of Los Angeles returned to her home after visiting for a week with her mother, Mrs. Julia Moulton. Other guests of Mrs. Moulton during the week were Arthur B. Moulton, of Riverside, and his friends, Judge J. H. Perry, of Denver, Colo.; W. B. Perry, of St. Louis, Mo.; and W. A. Gossuch, of Fargo, N. D.

From Woodlake, Tulare Co., come Mr. and Mrs. M. R. Whiffn and their family, who have taken "The Shamrock" for the month of August.

Among the guests at the hotel, this week-end, were Julius A. Brown and his son, D. J. Brown, of Santa Monica, and Mrs. W. T. Brown and Miss Adams, of Los Angeles. Fred Wright was another Saturday and Sunday visitor. Others were Mr. and Mrs. Ray M. Wamsley, of San Diego; Mrs. Dell Meadows, Los Angeles, who came down to attend the reception at the Art Gallery and to bring a picture for the August hanging; Mr. and Mrs. George R. Stone and the Misses Valerie and Virginia Stone of Redlands, Miss Bertha M. Sinclair, of Los Angeles, came Saturday for a week. Dr. and Mrs. E. C. Howell, Jr., of Bailey, Cal., and E. C. Howell, Sr., of Westchester, Pa., were also Sunday visitors. The latter decided to stay for a time.

Dr. E. D. B. Newton and his mother of Redlands are occupying the Craig cottage this week.

Miss Caroline Gregg and her mother of Riverside have taken the Cope cottage for two weeks. They arrived Saturday, bringing a guest with them.

Mr. and Mrs. J. H. Cockerham and family of Anaheim are spending the week in "Twin Two."

Mrs. Perry Warren of Laguna left Monday morning for Modesto's ranch to spend a couple of weeks. Mrs. Warren has been quite ill and it is hoped the change of climate will prove beneficial.

Attorney Frank T. Bates, Mrs. Bates and the family are occupying quarters in the Tent City. Mr. Bates, who was down over the week-end, returned to their home in San Bernardino Sunday evening, but he will come back to Laguna today for a two-weeks' stay.

The Dr. W. H. Mills family, also of San Bernardino, are vacationing here, and Dr. Mills was with his family Saturday and Sunday.

Other San Bernardino people who were in Laguna on Sunday were Mr. and Mrs. Charles F. Ward and family, also Mrs. Will Singleton and her mother, Mrs. Gould.

Mr. and Mrs. Robert Messinger and the Misses Elsie and Doris Messinger of Los Angeles, the parents and sisters of Mrs. Roy Peacock of Laguna Beach, returned to their home Friday after two weeks spent at the Tent City. Miss Elsie has been a frequent visitor here and is well known and well liked by the Laguna young people. Mr. Messinger is a composer of some fame. He is at present with the Orpheum orchestra, but for many years was a member of the famous Sousa band.

Mr. and Mrs. Charles H. Marsh, who are occupying the Gray cottage on Laguna Terrace, are visiting in Los Angeles for a few days. During their absence their son and daughter, Charles and little Mary Jean, are the guests of the Misses Alvarez and Miss Cavanaugh in the "Paint Box." Mr. and Mrs. Marsh expect to return Tuesday or Wednesday.

SOUTHERN CALIFORNIA

IMPERIAL, Aug. 5.—Under the impression that the ranchers of Imperial are universally turning to the versatile tractor to till the soil and harvest the crops, L. D. McIntire is here from Abilene, Texas, to buy the horses and mules thus thrown out of employment.

PASADENA, Aug. 5.—Thousands of small pine trees are being carefully tended in a large government nursery on North Lake avenue in this city, preparatory to setting them out on several barren mountain slopes back of Pasadena.

ETIWANDA, Aug. 5.—J. C. Jones, former county supervisor, and now a prominent grower of table grapes, declared that the Southern California table grape is from ten days to two weeks late. Last year shipments east started August 27. This year it is expected they will not start until September 10. The Etiwanda district is expected to ship 250 carloads, mostly Muscats. Prices are expected to be 10 per cent higher than last year, when good grapes brought \$25 to \$40 a ton.

LOS ANGELES, Aug. 5.—School children must make the most of the next five weeks for that is all that is left of their summer vacation period. This was decided last night by the board of education when they approved the report of the finance committee that the schools open for the next term on Wednesday, September 3.

SAN BERNARDINO, Aug. 5.—Harry Bryan last night picked up an "unloaded" gun and while demonstrating to his brother how it worked, the rifle exploded a shell and sent the bullet through the wall of their apartment into a room adjoining and instantly killed Mrs. Katie Romero, who was sitting at the dinner table with her husband.

LONG BEACH, Aug. 4.—That action must be taken "looking to the restriction of activities of ministers who have by past indiscretions rendered it unwise and inexpedient for them to be too much in the limelight," was one recommendation in the report yesterday of the committee on church and pastoral relations at the annual meeting of the Christian Ministers' Association of Southern California.

RIVERSIDE, Aug. 5.—Suit for \$30,150 was filed against Mrs. M. E. Alcott of this city by J. A. Lamay of Ucaipa as damages for the death of his son, Arthur E. Lamay, who died from asphyxiation at the Alcott Hotel last November. It is alleged that the fixtures in the gas stove were defective.

Emerson Said:--

These road makers on every
hand enrich us.

Over twenty-five years ago on W. Washington St., in Los Angeles, Mr. A. P. Green began the manufacture of mixed Paint, and by unceasing effort he has been able to give the people of Southern California a paint that is particularly adapted to this climate. As president of our company he writes all the formulas for our High Grade Paint. I find pleasure in offering the people of Santa Ana a product of this kind.

HYDRO-CY Will Bring Results

HYDRO-CY is a name which we have coined and trade-marked. It is easy to remember and easy to write.

Hydro-Cy is R & H Hydrogen Cyanide. (You have always been well served when you purchased R & H Cyanides, whether Potassium Cyanide or Sodium Cyanide.)

Other names that may be used instead of HYDRO-CY are Hydrocyanic Acid Liquid 96-98%, and Prussic Acid 96-98%. Why not use the SHORTER and EASIER name when writing or ordering? IT IS SO EASY AND WILL SURELY BRING RESULTS WORTH WHILE.

HYDRO-CY SPECIAL is a compound, which we believe will always get the "RESISTANT" kind of scale.

Yours truly,

F. W. BRAUN

Courthouse News

TO OPEN VILLA WEAVER IS HELD PARK'S SCHOOL BIDS SEPT. 3 TO ANSWER AS EMBEZZLER

The Board of Supervisors today voted to receive bids for the Villa Park school project on September 3, at 11 a. m.

Bonds to the amount of \$15,000 were voted for the Villa Park school.

On motion of Supervisor Finley, it was voted to allow the three deputy horticultural inspectors \$2.71 per day for necessary traveling expenses.

It is stated that as a result of the increased cost of living the salary allowed the deputies by law was insufficient and the action of the board in allowing them the expense increase was taken to enable the deputies to meet present conditions.

The stenographer in the Purchasing Agent's department is to be paid \$67.50 per month, beginning July 1, an increase of \$15 per month. The vote to increase the stenographer's salary followed a motion by Supervisor Finley.

D. W. Harrison, justice of the peace of Buena Park township, was allowed leave of absence of sixty days, beginning September 4.

Superior Judge R. Y. Williams was granted fifteen days' leave of absence from the state, beginning today.

Supervisor Edwards was absent from today's meeting of the board, he being on his vacation.

Newport Hotel, on ocean front.

COURTHOUSE NOTES

In default of \$1000 bail, Robert Silk, charged with stealing an Indian motorcycle valued at \$300, is in the county jail today, awaiting his preliminary hearing, which has been set for August 8 at 2 p. m. The complaint, sworn to by T. J. Neal, alleges that the motorcycle was stolen by Silk on or about July 31.

Sheriff Jackson today turned over Esequiel G. Garcia to an officer from Pomona. Garcia is charged with non-support.

Mattie B. Fross has filed suit for divorce against Victor H. Fross. Head and Rutan are attorneys for the plaintiff.

A decree to quiet title has been filed in favor of W. E. Gates, in his suit brought against Alice Titchenal as administratrix of the estate of Sarah A. Burton. R. C. Mize was attorney for the plaintiff and Charles D. Swanner for the defendant.

In Department No. 1 of the Superior court the case of the City of San Diego against Van R. Kelsey and James C. Byers, the latter sheriff of San Diego county, was continued to August 7 at 10 a. m. The case revolves about construction tools used by James Kennedy, a contractor, in the construction of the lower Otay dam.

The case of Laura B. Resh and W. H. Pillsbury against Jacob Gilsinger, having to do with the alleged violation of a co-partnership contract by Gilsinger, was continued in Department 1 of the Superior court until August 7 at 10 a. m. The complaint alleges that by the terms of the partnership agreement the plaintiffs were to share profits and losses equally in the Richelleu market, Santa Ana, and that plaintiffs were to receive the offer from a slaughter house operated by the partnership, for fertilizer purposes. Gilsinger, the complaint alleges, violated the terms of the agreement.

Anaheim. This charge against Weaver was not taken up this morning.

At the hearing on the embezzlement charge Deputy District Attorney Nelson appeared for the people.

QUIET IN LIVERPOOL, ARMY MEN IN CHARGE

LIVERPOOL, Aug. 5.—With a military cordon surrounding the city, Liverpool was quiet last night, and hope was expressed today that the disorders resulting from the police strike had come to an end. One person was killed and others may die as a result of bayonet and gunshot wounds received in rioting. At least a hundred persons were severely wounded by stones and glass.

Four hundred persons were arrested. Two hundred stores were wrecked or looted. The damage to property is estimated at a million and a half dollars.

Two thousand troops and a dozen tanks, machine guns and cavalry were here to maintain order.

CAPT. ROOSEVELT ILL FROM TRENCH FEVER

CHICAGO, Aug. 5.—Captain Archie Roosevelt, suffering with trench fever contracted while in the service in France, was unchanged in condition at the Presbyterian hospital today, hospital attendants said. His illness is not serious, however.

\$5 FINE FOR SMOKING

PASADENA, Aug. 5.—A peculiarity of Pasadena justice was the prosecution of Rex Rowray, an employee of the Pacific Electric, upon a charge of smoking on a street car. This is the first case of the kind under the Pasadena ordinance for several months. Rowray was fined \$5. The complaining witness was W. F. Lough.

ANNOUNCEMENT

The pleasure of your presence
is requested at the formal opening on
Wednesday, Aug. 6th, 1919
of
Seidel's Market
in the new quarters at
220 W. 4th St.

EXPLANATORY:

Tomorrow will see the opening of what is reputed to be the most sanitary equipped market in Southern California. Tile floors, Alabama Marble cases, entirely closed and cooled by our own ice plant, sanitary drinking fountain, with water likewise cooled, where you may stop to quench your thirst; a refrigerating system, a specially constructed fish and poultry showcase, Toledo Spring scales, every article under plate glass, perfectly kept and perfectly sold are among the features of Seidel's new market.

The approximate total cost of this merchandising enterprise is \$11,000.

Frank Pyun will operate the inviting vegetable stand. The U. S. Coffee Stores will occupy a department from which they will dispense their high quality product. Mrs. Shirm Bulkely will have charge of the delicatessen counter, where choice cold meats, cheese, butter, eggs, fresh milk and other dairy products will be offered.

Henry Seidel takes this occasion to thank his patrons for making this new market possible, and trusts his earnest efforts will warrant a continuation of past favors.

DRY YEAR BEAN CROP BE UNDER 150,000 BAGS FOR COUNTY

Blackeye Cutting About Done and Lima Cutting Now Under Way

With the bean harvest in Orange County now under way, estimates indicate that the production of beans in Orange County this year will not be over twenty-five per cent of a normal crop for lima beans and twenty per cent of a normal crop of blackeyes.

Last year the county produced about 600,000 bags of limas. This year it will hardly get out more than 125,000 bags. The blackeye crop of the county last year was around 100,000, and this year it will do well to go over 20,000. These estimates are made by men well informed upon bean crop conditions.

The dry year is responsible for the short crop. In addition to the fact that there was little moisture in the ground at planting time, weather conditions have not been favorable to production. Had June and July been foggy, instead of marked by hot dry spells, the production would have been much heavier than it is.

Most of the blackeye beans in this county have been cut and threshing of blackeyes will start about August 20. Cutting of the earliest planting of lima beans commenced yesterday, and by the middle of next week lima cutting will be in full swing. Threshing of limas will start as soon as the blackeyes are threshed.

The lima and blackeye crops are going to be away short this year, as has been known even before planting commenced. On the San Joaquin ranch instead of 200,000 bags of beans, the normal production, there will probably not be over 40,000. It now looks as though the average production on the San Joaquin will be about two sacks to the acre. There will be a good deal of ground that will produce nothing, while some of the best will give five or six or seven sacks to the acre. Blackeyes are averaging about three sacks to the acre.

Prospects for good prices are good. There is every reason to believe now that the plan for the pool of the independent producers represented by A. H. Levy & Co. and the J. M. Waterman Selling Agency with the California Lima Bean Growers Association will be consummated next week. A few weeks ago, these independent agreed to throw their influence and all the acreage they control into the association with the agreement that the Levy and Waterman firms could become selling agents of the association.

This proposition has met with decided favor in Orange County, and up to the present eighty-five per cent of the lima beans of the county for this year are signed up in the association. Next Monday is the last day for signing, and those who have not yet signed and who expect to sign should do so at once.

The Ventura crop of limas is also away short, and with a light yield there, too, the prices ought to be good.

Among those who have signed the association contract here is James Irvine.

The lima association is in better fix to control marketing situations now, or under the new pool will be next week, than ever before.

Selling Blackeyes
The directors of the blackeye bean pool organized in this county a few weeks ago for the purpose of disposing of the hold-over blackeye beans are well satisfied with the situation. Half of the hold-over blackeyes of the county have been disposed of. The price per pound, the opening price, to 5.50, and an average of 5 cents or more will be paid to the growers.

The California Bean Growers Association, which is an association handling beans grown in the central part of the state, joins with the lima bean association in declaring that prospects for good prices are excellent.

G. A. Turner, president of the California Bean Growers Association, wired to Stockton from New York on July 30 that "a fair price is positively assured for the new crop." He said that Michigan, Colorado and New Mexico will not produce over sixty per cent of a normal crop.

On July 1, the federal reserve bank estimated that the California acreage in beans of all kinds was between fifty and sixty per cent of the 1918 acreage.

March Written By Noted Composer for Santa Ana Woman to be Heard Here

DEAR to the heart of at least one woman in Santa Ana will be the fourth number on the band concert program tomorrow night, for it will recall happy thoughts of her mother and her own girlhood days in the Black Hills of Colorado. That woman is Mrs. John H. Klein of 520 West Second street, and the selection is the "Black Hills March," which was written for her and dedicated to her by John Burri, a Swiss composer who was a farmer in the Black Hills and who was a neighbor and close friend of Mrs. Klein and her parents, Mr. and Mrs. E. G. Hawley.

It was during the visit of Mrs. Klein, who was then Mrs. John Drury, wife of a prominent Denver dentist, to her parents in the Black Hills that the Swiss composer composed the pretty march and gave it to her, with copyright and publisher's privilege.

The piece met with instant favor among musicians, and following its arrangement for band by Belstead, it was introduced to the public by Lieut. Godfrey's British Guard Band in Denver on June 7, 1899. Later it was chosen by the board of direction as the official march for the Festival of Mountain and Plain held at Denver, September 25-30, 1899, during which it was played by assembled bands numbering 600 musicians, as the bands marched to their respective hotels from the festival park, a band dropping out as it arrived at its hotel on the march.

It was one of the grandest musical parades ever witnessed in Denver.

The pieces were scored for piano, orchestra, band, mandolin, mandolin and piano, two mandolins and piano, mandolin and guitar, two mandolins and guitar, banjo, zither, and other instruments and thousands of copies were printed.

Godfrey's band featured it in its American tour of 1899 and played it at the Omaha exposition. It had a remarkable run in its day, and is still popular with bands and in homes. It shows originality in melody, and

has a rhythmical swing and verve which are attractive. No doubt there are copies in many homes of Santa Ana, the title page carrying a picture of Mrs. Klein as Lua Hawley-Drury.

Mrs. Klein is furnishing the band score for the band tomorrow night.

"Songs from the Old Folks" and "A Hunting Scene" (descriptive) will be other features on the program tomorrow evening.

The program is as follows, starting at 8:15 p. m.:

1. March—Of the Mystic Shrine..... Kahler
2. Caprice—Wild Flower..... Losey
3. Selection—Songs from The Old Folks..... Lake
4. Request—Black Hills March..... Burri

..... Bellstedt

Official march of Denver Carnival. Dedicated to Mrs. John H. Klein, formerly of Denver, Colorado, now of 520 W. Second St., Santa Ana.

5. Descriptive—"A Hunting Scene..... Bucalossi

(Synopsis: Morning breaks calm and peaceful. The huntsman prepares for the chase. We jump on our saddle and the trumpeters sound a merry blast. Horseman joins chase. A hunting we will go. The chase. The barking of dogs. The capture and death. The return. 6. Overture—Jolly Robbers..... Suppe

7. Finale—Star Spangled Banner.

War Fiction at Library Showing Most Popularity

While reference books concerning the war today haven't one-tenth the call at the Public Library that they had before the armistice, the stirring war story carries with it still the strongest kind of an appeal.

In fact, the most popular of the fiction books in the Santa Ana library today is a war book, "Four Horsemen of the Apocalypse," by V. B. Ibanes.

This book and three other rank as the four most popular fiction books in the call at the library counter this summer. The others are W. L. Comfort's "The Yellow Lord," Ralph Connor's "Sky Pilot of No Man's Land," and Zane Grey's "Desert of Wheat."

Other books called for the most this summer by fiction readers follow: "A. C. Doyle, 'Danger'; Zane Grey, 'Light of Western Stars'; 'Rainbow Trail,' 'Riders of the Purple Sage'; P. B. Kynne, 'The Valley of the Giants'; E. H. Oppenheim, 'The Curious Quest'; E. H. Porter, 'A Daughter of the Land'; A. B. Reeve, 'Craig Kennedy Stories'; E. S. Sampson, 'Billy and the Major'; Booth Tarkington, 'Magnificent Ambersons'; 'H. G. Wells, 'Joan and Peter'; M. R. Rinehart, 'Love Stories.'

In the non-fiction class, there are a

number of new books that are being called for steadily.

"There seems to be a new and sudden interest in Spiritualism," said Miss Jeannette McFadden, librarian. "Just why, I don't know, but just at present we find a number of people who are investigating that subject."

The library has recently added some excellent historical books on the war, including Whitlock's "Belgium."

The non-fiction books for which there is the greatest call are:

Henry Adams, "Education of Henry Adams;" W. F. Barrett, "On the Threshold of the Unseen;" Bessie Beatty, "Red Heart of Russia;" J. W. Gerard, "My Four Years in Germany;" R. C. Holliday, "Joyce Kilmer: Poems, Essays and Letters, 'Walking Stick Papers'; Floyd Gibbons, 'And They Thought We Wouldn't Fight'; J. A. Hill, 'Spiritualism: Its Phenomena and Doctrine'; J. B. Jellicoe, 'The Grand Fleet, 1914-1916'; Joyce Kilmer, 'Literature in the Making'; Harry Lauder, 'A Minstrel in France'; Sir Oliver Lodge, 'Raymond'; Maurice Maeterlinck, 'The Betrothal'; Brand Whitlock, 'Belgium.'

Property Demand Causes McPhee To Keep Home

Further indications of the unprecedented demand in Santa Ana for residence property are seen in the fact that George McPhee, county sealer of weights and measures, decided not to sell his residence at No. 600 West Fifth street, when he made an investigation, just prior to closing a deal for turning over the property, and found that it would be impossible for him to purchase or build a residence under \$2500 or \$3000 more than he was asking for the West Fifth street place.

The house on West Fifth street was too large for McPhee, he decided some time ago. It is an eight-room house, and rather too commodious to be suited to the needs of himself, his wife and daughter.

Four years ago McPhee had the house on the market, but did not sell.

Recently he decided to put the property on the market again and, in order to turn it over quickly, put the same price on it that he had asked four years ago.

McPhee estimates that close to 150 prospective buyers came to look at the West Fifth street place. This morning a home-seeker paid him a visit, with the result that McPhee was about to close a deal.

Then Mrs. McPhee became a trifle worried. She thought it would be a good idea to look into the situation somewhat. McPhee did so, and found that in order to buy or build a new residence would cost him close to \$3000 more than the price he was asking for the Fifth street property.

So McPhee and his family decided not to sell.

\$30 FOR SHOES? YES, FOR CHIC STYLES, SAY S. A. DEALERS

'Kicks' Will Keep on Climbing, But No Reason For Scare, Is View

Shoe prices will continue to climb but they will not, except in the cases of ladies' novelty footwear, go to \$20 a pair.

That was the consensus of opinion expressed today by Santa Ana dealers.

"Shoes will be higher in price, before they are lower," was the way W. E. Winslow, of Winslow and Beissel, expressed his view of the shoe situation.

Merchants interviewed on the subject declared their belief that while medium priced ladies' shoes will not go to \$30 a pair, as has been several times reported of late, prices will continue to rise for an indefinite period, but will not get to the \$30 level, except for very fancy styles.

"Exactly what is the reason for the present high prices in shoes it is hard to say," declared R. E. Miles, of the Miles Shoe Company. "There is no doubt that foreign buyers have been largely responsible. In addition to this, the price of labor in eastern factories has gone up beyond what it ever was before."

Illustrates Conditions

"Here is an illustration of the conditions obtaining in New York: A friend of mine told me that in New York he saw three drayloads of hides passing on the street. He made inquiries and was informed that the leather had been sold to a foreign concern, at a price greater than it would have been possible to obtain for the hides made into shoes."

Miles pointed to a letter he had received from A. G. Walton Company, one of the largest dealers in the world.

"There is no relief in sight," the letter stated. "Conditions indicate that the supply of shoe material will be limited for months to come. Large purchases of raw material for export continue to drain the supply in this country; nor is there reason to expect that this supply will be increased immediately from abroad."

Then follows the most significant sentence in the letter: "Until conditions become more settled, orders for future delivery cannot be accepted at any price."

Lays Prices to Profiters

Profiteering is one of the factors which Miles holds responsible for the increasing cost of footwear.

"No, there will be no decrease soon in the prices of shoes, but I believe that the highest level for average ladies' shoes will not reach \$30," said Miles.

R. C. Peterson, well known local dealer, stated that \$30 shoes would be the exception, rather than the rule, despite the gradual climb in prices. He also gave heavy buying by foreign interests is one of the principal reasons for the advances in the cost of footwear.

"Another reason is that selling shoes is a different thing nowadays than it was several years ago," said Peterson. "I believe that women are responsible in a way for the higher prices they have to pay now. Years

Has Shawl of Many Colors Bears Soldiers' Insignias Likes Experience With Army

Miss Helen Colley and decorated shawl.

Y. M. C. A. Entertainer Visits Many Divisions During Work Abroad

PHILADELPHIA, Aug. 5.—Joseph never prized his coat of many colors more highly than Miss Helen Colley values the knitted shawl embellished with the insignia of the forty divisions she helped to entertain during her six months' service on the other side with the Overseas Theater League of the Y. M. C. A.

The insignia were presented her by the doughboys and were sewed in place one by one as she made her way from the base ports of France clear into the most advanced areas held by the American army of occupation.

Miss Colley, whose home is in Bryn Athyn, Pa., was formerly a music teacher in the Bryn Academy. Later she served as accompanist to the baritone, Henry Scott, and still more recently acted as secretary to Oscar Seagle of New York.

While the fighting was still in progress Miss Colley volunteered for service abroad and was assigned as accompanist to the Live Wires, a vaudeville team consisting of Frank Vardman and Harry Perry. They had a reputation for being hard workers, and not infrequently gave three or four and even five performances a day.

And she found each of them delightful. "The doughboys are perfect darlings," she declared upon her return. "They can't do enough for one. They always wanted me to dine with them and were so offended if I insisted on making it a Dutch treat. I wouldn't trade my experiences with the army for a million dollars."

BELIEVES BEEF PRICES ARE TO STAY DOWN

"I believe that the price of beefs will go down before it goes up," said Thomas Doyle, well-known cattleman, today. Doyle, formerly of Laguna Beach and Santa Ana, sold out his cattle interests in Kern county some time ago and is now associated with Barrett Bros. in cattle dealing between Phoenix and Flagstaff. He arrived here yesterday for a stay of a few days. His wife and children, who have been living at Banning, recovering from the effects of the "flu," arrived here with him.

Doyle said that while the price of beef on the hoof in the West has dropped in sixty days from 17.7 cents to 10 cents, it is believed by many Arizona that the price may go lower yet.

"Northern Arizona had the hardest winter on record for cattle," said he. "The loss was from ten to fifty per cent. However, there has been an abundance of rain, the best rains outtimers remember, and feed is now plentiful and stock is looking fine."

COUNCIL ABOUT READY TO TAKE ACTION ON MAIN ST.

Decision on the Repaving of Thoroughfare Expected at Next Meeting

With the city council gradually working itself up to the point where it will "take the bull by the horns" some definite action as to the improvement of Main street may be expected at the next regular meeting, which will be held on the 18th inst.

The council now is ready to go to work on the proceedings but is being held up by the Pacific Electric company. The Los Angeles office of the railway company has referred the matter of the Main street franchise to the office in New York, and it is expected that a definite decision will be made by the "higher ups" within the next two weeks.

There is little doubt but that the Los Angeles office has recommended that the company abandon its tracks on North Main street in favor of a route north from Fourth street to Poinsettia to Washington avenue and thence to North Main street over a private right of way paralleling the Southern Pacific tracks, making junction with the present line to Orange at Santa Clara avenue.

That it will cost the property owners on Main street and the city of Santa Ana, if it participates in the cost of the work, \$37,810 more to pave the street if the tracks are removed than it will if they remain, was disclosed by Street Superintendent Hoy in presenting figures as an estimate on the cost of improvement.

He gave figures showing the estimated cost with the P. E. retaining its right of way and the cost if the tracks are removed. Without the tracks the total cost for paving with a six-inch reinforced concrete base and two-inch surface will be \$91,373. The total area is 431,600 square feet, the city engineer basing his estimate at .223 of a cent per foot. He proposes to reinforce the concrete by the use of American steel and wire triangular mesh.

Six-Inch Work Favored
Estimates also were provided for pavement of four and five-inch base. The council favors the six-inch work, because of the heavy traffic over the street, and because it will prove cheaper in the long run. The difference in the cost is two cents per foot in each class of work.

To what extent the city as a whole should participate in the expense of the repaving is a question that has not yet been definitely settled by the council, although the council members are ready to settle that when the proper time comes—when the Pacific Electric has decided on what action it will take.

The general expression of the members indicates that about 35 per cent is as far as the council will go in helping out the property owners. The matter of funds to take care of the city's portion is one of the perplexing questions—whether it should be raised by a bond issue or by a direct tax.

The council is disposed to take the ground that inasmuch as the street has been declared a portion of the state highway, and bears about 65 per cent of the traffic coming into the city

Great Industrial Problem Is Discussed By State Commissioner
"When you consider that the value of the California fruit pack for this year will have a value of \$50,000,000 and that \$0 per cent of it all must be handled in eight weeks, you get some idea of the great industrial problem which must be solved in this state," said Mrs. Catherine Phillips Edson, executive officer of the Industrial Welfare Commission, at Fresno this week.

"Minimum wages for field and green fruit workers of \$13.50 a week goes into effect August 20 and in the manufacturing industry the same minimum will become effective September 1. These raises will affect thousands of workers in the state and the September 1 raise will greatly increase California's payroll.

California Pays Best
"California pays the best wages of any state in the union to this class of workers. This state has the highest minimum. The city of Washington, District of Columbia, has a slightly higher minimum for mercantile workers, but this is the only exception.

"Organization of fruit and cannery workers has reached its highest point in Fresno. I believe the Fresno section is the only big fruit growing area which is thoroughly organized on labor union principles.

"In the Santa Clara valley and in Southern California I have known of instances where women made \$40 and \$50 a week as expert fruit workers and the compensation for this class of employment is so universally high that our minimum wage of \$13.50 is virtually ineffective. No good worker makes so low as that.

"When you consider that the legislature has placed in the hands of five commissioners, of whom I am one, the power to fix the wages of women and girl industrial workers in California, you can contemplate what a tremendous responsibility as well as authority devolves upon us.

Board of Arbitration
"The Industrial Welfare Commission desires to so conduct its hearings and render its decisions that both workers and employers will come to look upon the commission as a fair and just tribunal for arbitration. That we must raise wages is only just in circumstances."

"The view of the great increases in the cost of living. But California people should on the other hand patronize home industries, remembering that the California manufacturers must compete with the Easterner who has much cheaper labor.

"In 1917 the commission fixed the minimum wage for mercantile workers at a \$10 minimum, making an increase in the payroll of \$660,000 a year. The laundry workers minimum of \$10 was awarded January, 1918, increasing the state payroll by \$235,000. July 1, 1919, the \$13.50 minimum in the mercantile trade went into effect, spelling another large addition to the amount that companies had to pay their workers.

"Much of our work in educational, not only to educate the employer and the worker on the solution of their problems, but to educate ourselves. The commission being new in its duties has to proceed doubly careful.

Much Disturbance.
"Just at the present time there seems to be a great amount of industrial disturbance. This cannot be wholly settled until some balance, some definite relation can be found between a living wage and the cost of living. But the Industrial Welfare Commission can solve the immediate problems, settle the disputes and prevent or cut strikes.

"In Los Angeles one of our educational campaigns has been directed toward teaching the women to spread their laundry out over the week instead of everyone sending their laundry out on Monday and expecting it back on Thursday. By such a method the laundry is busy the first part of the week and has to lay off girls the latter part.

"I think we can expect some national solution of many of our industrial problems through the issues that will undoubtedly come up in the next great presidential fight."

The other members of the Industrial Welfare Commission are Judge Frank J. Murasky, of the Superior court, San Francisco; Alexander Goldstein, formerly of Fresno and now of San Francisco; A. B. C. Dohrman and Walter G. Mathewson, secretary of the Building Trades council of San Jose.

NOTICE CALLING FOR BIDS FOR CONSTRUCTION OF CIRCULAR CONCRETE RESERVOIR.
IN THE SUPERIOR COURT OF THE COUNTY OF ORANGE, STATE OF CALIFORNIA, GIVEN, that the Board of Directors of the Newport-Mesa Irrigation District of Orange County, California, will receive sealed bids for the construction of a circular concrete reservoir 150 feet in diameter, 10 feet high, with a masonry roof, or 140 feet in diameter, 15 feet high, with a masonry roof.
Contractor to furnish with his bid complete plans and specifications showing form of construction, details of foundation walls, floors, sizes and spacing of reinforcement, and of water-proofing, plans of roofing and bracing; stating time of beginning work and time to complete.
Contractors to guarantee that the reservoir will not leak.
Payments to be made as follows:
25% when foundations are in;
25% when walls are complete;
25% when reservoir is complete and tested; to be made within ten days after notice by contractor that same is ready for test.
Bids to be relieved by bond as above, thirty days after test and acceptance under bond.
General plans and specifications of said reservoir, bidders are referred to plans and specifications now on file in the office of the said Board of Directors of said District, as hereinafter referred to.
All plans and specifications must, after acceptance and before awarding of contract, be approved by the State Engineer of the State of California.
Sealed proposals will be opened on August 15th, 1919, at four o'clock p. m., at the office of the said Board of Directors, at the residence of Donald J. Dodge, on Belmont Avenue, between Sixth and Ninth Streets, in said District.
(Postoffice address of the said Board of Directors being "Harper, Orange County, California.")
And contract for said work will be let to the lowest responsible bidder, subject to the approval of the said State Engineer.
The said Board of Directors reserves the right to reject any and all bids.
By order of the said Board,
GUNNING BUTLER, Secretary
Of the Board of Directors of the Newport-Mesa Irrigation District

News from Orange County Towns

YOST AND HAGEN SELL BUSINESS ENTERPRISES

New Men Today at Head of Two Establishments at Orange

ORANGE, Aug. 5.—Two business changes are in effect here today. C. D. Yost, who has owned the Colonial theater for the past few years, and who has established a good business, has disposed of the amusement house to Paul Ramsey of Los Angeles. Ramsey has been in the brokerage business in Los Angeles.

W. G. Hagen has sold his furniture store to W. O. Higgins of Canyon City, Colo., who has come to Orange to locate. He will bring his family here as soon as he can secure a residence.

Entertained by Mrs. Allison
Mrs. Allie Allison and Mrs. C. A. McGill entertained the ladies of the Birthday Club at the home of Mrs. Allison.

The meeting opened with a roll call after which Mrs. McGill with Mrs. Potter as accompanist, sang "Mother Mine." Mrs. John Teasdale offered a prize to the lady who could write the most words from the words "Birthday Club" which resulted in a tie, Mrs. E. S. Reavis and Mrs. Claude Potter each having forty words.

They were presented with beautiful gifts. Mrs. E. N. Ellis and Mrs. John Wright were voted in as new members in the club. Delightful refreshments of ice cream and cake were served by the hostesses.

The club will next celebrate with a picnic at the Orange County Park.

W. H. M. S. Meets
The Women's Home Missionary Society met at the home of Mrs. Frank Connors. There was a very good attendance and at the business meeting the new officers were elected.

President, Miss Mabel Thornburg; vice president, Mrs. P. I. Bird; 2nd vice president, Mrs. C. H. Jeffry; recording secretary, Mrs. W. H. Hall; corresponding secretary, Mrs. L. L. Haynes; treasurer, Mrs. C. A. Palmer; Mite Box secretary, Mrs. C. B. Berger; secretary of literature, Mrs. C. W. Roberts; superintendent of Home Guards and Mother's Jewels, Mrs. C. R. Stuckey; superintendent of Queen Esther's, Mrs. F. V. Pruitt.

Funeral Services Yesterday
Wesley H. Stacy died at his home on North Olive street. He was a native of Ohio, and has been a resident of Orange for the past fourteen years.

Mr. Stacy was sixty-seven years of age. He leaves a wife and five children, James and Owen Stacy of Orange, Mrs. Mae Kobler and Mrs. Myrtle Slack of Orange, and one son who lives in Ashland, Oregon.

Funeral services were held at ten o'clock yesterday morning from the Presbyterian church. Services were conducted by the Masonic order.

Queen Esther Officers
The Queen Esther's held a delightful meeting at the home of Misses Gladys and Beatrice Dunnack. New officers were elected for the coming year.

President, Miss Hazel Elliott; vice president, Enid Haynes; secretary and treasurer, Florence Riddle; corresponding secretary, Paroma Flint; Mite Box secretary, Lois Mayer. Delicious refreshments were served by the hostesses. About twenty guests enjoyed this pleasant affair.

Notes and Personals
Rev. M. L. Pearson left today for Fresno where he will visit for a month with his sons. His address will be Route G, Box 214, Fresno. It wanted by telephone he can be reached at Carruthers.

Mrs. E. L. Robinson and daughters Lily and Leitha, left Sunday for Arroyo Grande, Calif., where they will spend the winter. Misses Lola and Luella Robinson expect to remain in Orange.

Henry Meehan is taking a week's vacation from his duties at the post-office and is spending the time in Bear Valley.

Y. M. C. A. SECRETARIES
GATHER AT ASILOMAR

ASILOMAR, Cal., Aug. 5.—Asilomar is host today to more than 100 Y. M. C. A. secretaries of California, Nevada and Arizona who are gathered here for a two-week instruction session on reconstruction. The instructions are under the direction of the Y. M. C. A. summer school.

The course will take in the present demands of city, county, industrial, community and army and navy branches of the Y. M. C. A. D. E. Luther is chairman of the executive committee in charge of the school. H. O. Hill is secretary, Edward Grace, treasurer, and F. A. McCarl, principal.

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the essence of life and looks. In use since 1896. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

HUNTINGTON BEACH

HUNTINGTON BEACH, Aug. 5.—One of the largest crowds of the season thronged the beach Sunday and hundreds were in bathing, while other throngs spent the day on the pier fishing, telling their friends what a big one they just lost, and how they saw those big yellowtail swimming about. Sunday morning was the time set for the old soldiers' annual bath and in the afternoon their dress parade. About 200 were in line and made a creditable showing.

The city garage on Fifth street near the city hall has opened again ready for business under the management of J. R. Farwell and L. E. Milling, who will look after the mechanical end. Mr. Milling comes from Santa Ana highly recommended.

Miss Mabel Birch of Eagle Rock spent the week end with friends in the city. Miss Birch was formerly bookkeeper at the First National Bank here and now holds a prominent position with the bank at Eagle Rock.

The local W. C. T. U. will hold its regular monthly meeting in the ladies' parlors of the M. E. church on Wednesday at 2 p. m.

Judson House of Riverside is spending a short vacation in the city and enjoying the good fishing.

Merle Lindley of Los Angeles, son of L. M. Lindley, spent Sunday with his parents.

John H. Wert and family of Whittier spent Sunday with friends here, returning home in the evening.

Mrs. Oscar Peters of Kermes, Tex., formerly Miss Hally Walker, of this place, is spending a vacation with friends here.

C. E. Lavering, cashier of the First National Bank, and J. K. McDonald, secretary of the Chamber of Commerce, are spending a few days at Big Bear Lake trout fishing.

Bert Crozier of Santa Ana was in the city Monday having some dental work done.

A. H. Wooster of Pasadena is spending a vacation here for a short time.

W. J. T. Adair and family spent the day in Long Beach Sunday.

C. J. Porter and family of Independence, Cal., came down Saturday to take a vacation at the beach during the hot season.

The committee on municipal pavilion has had meetings during the past week with four different architects who will submit plans and recommendations in the near future for definite action of the city council.

H. L. Heffner and family are spending a short vacation at Catalina Island.

The Huntington Beach Tent City Company held its regular monthly meeting Monday at which the subject of erecting several cottages at the Fifth street park for rent was considered. A committee was appointed to find out the approximate cost of installing about ten three-room cottages.

E. G. Huff, court reporter of Santa Ana, was in the city Monday with his mother.

Sleeps Any Old Way Now

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about May's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back or right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere.

Council Notes

Application of Richard Earl for permit to conduct a clothes cleaning establishment at his home, 1225 North Ross street, was granted on condition that if he keeps more than one gallon of gasoline on the premises the container be placed underground.

Application of J. E. Hall and George Ward for permission to install a 500-gallon or less gasoline tank for a service station at the southwest corner of First and Hickory was referred to Dale and Tubbs, with power to act.

J. W. Clift was given permission to open a shooting gallery, subject to approval of location by the fire chief. Clift operated a gallery here in 1914-15.

City advertising for the year was awarded to the Register Publishing Company and the printing contract for

the same period to Campbell, Lutz and Thompson.

Hearing on the applications of the Highway Transportation Company and the Boulevard Express Company was set for August 18.

Insurance on the city hall building was increased from \$8000 to \$12,000 under a motion by Greenleaf.

A resolution establishing the grade on Grand avenue was adopted and the clerk was instructed to advertise for bids for the city's portion of paving that thoroughfare. The city will pay for half the work. The bills will be opened August 25.

Water Superintendent Wray was authorized to purchase a two-wheel trailer from the Wm. P. Lutz Company at \$230 for use of the water department.

Appointment of William Crane as a fire truck driver to fill the vacancy created by the resignation of Bob Elliott was approved.

Street Superintendent Hoy reported that the objectionable curves of the P. E. on Maple avenue had been removed and two curves of a radius each of 1000 feet had been installed. This will put a stop to the grinding noise heretofore made by beet trains in going over the reverse curve at First street and Maple. The former curves had a radius of 573 feet.

Advertising for bids for the city's portion of the paving on Maple street, which is the Roosevelt school property facing the street, was authorized. The city attorney was instructed to draw up a resolution for abandoning an alley that abuts the Roosevelt school property.

Paving contractors who have permits for securing signatures to paving contracts on various streets are given until August 18 to report in on the permits, where the permit has been out sixty days.

CHAMBER HEADS WILL
SEE AIR MAIL START

OAKLAND, Aug. 5.—Directors of the United States Chamber of Commerce, as guests of the city of Oakland, today viewed the launching of the first aerial mail service into Yosemite Valley from this city. This is also the first regular mail plane to fly in California.

The directors were also shown the site of the Alameda naval base. They viewed the concrete shipyards here this morning and other big shipyards and factories in the east bay industrial region.
